Note—Profits for year ended July 31, 1944, are now in the process of renegotiation and so far as we can determine, they will not be subject to any refund. Likewise, profits for the current nine months ended April 30, 1945, do not appear to be excessive and subject to any substantial refund under the Renegotiation Act.

Joseph E. Rogers, President, states: "Improvement in the current third quarter net profit includes adjustments made in April, proportionately applicable to the two previous quarters, for readjustment in cost of sales, and Federal tax provision as a result of recent U. S. Tax Court decision with respect to onr prior years' taxes; which now permits us to use increased base period credit for computation of excess profits taxes and additional amortization on patents."—V. 161, p. 1193.

Aetna Life Insurance Co.—New Group Plan—

The company has written a group life insurance plan for the partners and employees of concerns which are members of the New York Association of Stock Exchange Firms.

Invitations have already been issued to individual firms and their employees to participate in the plan, which provides group life insurance protection, including accidental death and dismemberment coverage. The insurance is available without physical examinations or age limitations.

The plan is one of the first contracts which has been written under the 1943 amendments to the New York State group insurance law permitting the issuance of a master policy to trustees of a trade association on behalf of membership personnel.

The new plan is "non-contributory," meaning that the member firms and their partners will pay all premiums for their employees. All employees making less than $1,500 a year will get life insurance in an amount of $1,500 and additional accidental death and dismemberment coverage. Those making between $1,500 and $3,000 receive corresponding insurance of $3,000; and those making more than $3,000 are insured for $5,000, while general partners who foot the bill get $10,000 protection. Limited partners are not eligible to participate on the theory that they do not spend all of their time in the business.

Sponsors of the plan believe that several thousand financial employees throughout the country will avail themselves of the benefits of the plan.—V. 161, p. 561.

Air Associates, Inc.—New President—

Kenneth MacGrath, Executive Vice-President, has been elected President, effective Aug. 1, succeeding Harold I. Crow, who has resigned as of that date. Effective immediately, Mr. MacGrath as Executive Vice-President assumes complete responsibility for directing all operations of the company.

Mr. MacGrath was previously connected with the Bendix Aviation Corp. as General Manager of the Eclipse-Pioneer Division in Teterboro, N. J.—V. 161, p. 1873.

Aldred Investment Trust—1% Interest Payment—

Edward O. Proctor and Edward F. Goode, receivers of this Trust, have notified holders of the 4½% debentures that interest for the six months ended May 31, 1945, is being paid at the rate of 1%. This payment represents approximately all of the net income of the Trust for that period.

The receivers state that it is their intention to pay to bondholders the balance of interest due at this time as soon as earnings permit.

The United States District Court at Boston has approved the payment of interest amounting to 1%.

Debenture holders have been informed that no income was received during the six months' period from holdings of Eastern Racing Association securities. However, receivers pointed out that the ban on racing has now been lifted and ERA has been granted 54 days of racing by the Massachusetts State Racing Commission. It is reasonable, therefore, the receivers state, to expect dividends from ERA later in the year. Holders of the Trust in ERA at cost, amount to about 27% of the market value of assets of Aldred Investment Trust.

The receivers also pointed out that no income has been received from holdings of International Power Securities, investments of which are principally mortgages on public utilities in Italy. However, now that the war in Europe is over, receivers hope that interest payments may, in time, be resumed. Holdings in International Power Securities amount to about 15% of the market value of assets of the Trust.

A semi-annual report covering operations of the Trust for the six months ended June 30, 1945, will be sent out in July, it was stated.—V. 161, p. 1533.

Allied Stores Corp.—To Sell Real Estate—

The stockholders on May 29 voted approval of the sale of most of the company's real estate and the accompanying lease of the properties for a 60-year period.

The company previously had arranged the sale for $16,150,000 of real estate buildings and equipment to a subsidiary of Union College, Schenectady, N. Y. Slightly less than $4,000,000 in land and buildings will remain on the company's books after conclusion of the sale.

As mortgages on the property are to be liquidated at or before the time of sale, Allied will realize net proceeds from the sale of approximately $8,000,000, which will be added to working capital.—V. 161, p. 2325.

Alton RR.—Trustee Notes—

The ICC on May 30 authorized the company to issue at par not exceeding $314,000 of promissory notes, consisting of five notes in the principal amount of $62,800 each, in further evidence of, but not in payment of, the unpaid portion of the cost of certain equipment purchased under a conditional-sale agreement.—V. 161, p. 2437.

Altoona & Logan Valley Electric Ry.—Calls Bonds—

All of the outstanding first lien and collateral trust 4% bonds, due Jan. 1, 1954, have been called for redemption on July 1, next, at 100 and interest. Payment will be made at the Fidelity-Philadelphia Trust Co., trustee, 135 So. Broad St., Philadelphia, Pa.—V. 151, p. 3736.

*After dividend requirements on preferred stock then outstanding. Based on the number of shares outstanding at March 31, 1945, net for first quarter of 1944 would be equal to 46 cents a share and that for the 1943 first quarter would be equal to 88 cents a share.

The report states that no provision was made for Federal excess profit taxes for three months ended March 31, 1945, as such provision is not considered necessary, based on company's earnings for the period. "However," the report continues, "the ultimate determination of company's excess profit tax liability, if any, for 1945 is primarily dependent upon earnings for the last nine months of the year. In the event the company's earnings for the latter period should be sufficiently high to subject it to excess profits tax for the year 1945, the portion of such tax applicable to earnings for first three months of the year would reduce earnings for such period to approximately

$563,000, or 43 cents per share of common stock. No provision was made for Federal excess profits tax in the year 1944.

The report further states that costs and expenses applicable to the company's performance of war contracts are not included in the above profit, but have been charged directly to the U. S. Government. Renegotiation proceedings have been concluded for 1942 and 1943 and no refund was required and the company believes that such proceedings for 1944 and 1945 will likewise result in no refund being required.

A. N. Kemp, President, said that mail revenues were computed at tentative rate of 32 cents per ton mile specified in the Jan. 1, 1945, order of the Civil Aeronautics Board to show cause why rate of mail compensation should not be reduced from 60 cents to that figure. He said, however, that passenger revenues in the first quarter did not reflect the full effect of passenger fare reduction which became effective on March 10 and May 1.

The first quarter operations were at a new high level, with revenue passenger miles totaling 157,472,363, a 54% increase over the like 1944 quarter. Expenses in the first quarter declined to 82.4 cents a revenue plane mile from 97.2 cents in the first quarter of 1944.

7,000th Atlantic Crossing—

This corporation, operating under contract to the Army Air Transport Command, has just completed its 7,000th crossing of the Atlantic, it was announced on June 1. The milestone in the line's 37 months of service with the ATC was reached on May 31, when a big four-engined C-54 landed at La Guardia Field after an uneventful flight from Europe.

In May the airline flew more than 1,717,000 miles and brought its grand total to well over 40,500,000 miles flown since April, 1942, when American began operations for the ATC. Last month the line set a new record when there were 231 departures out of La Guardia Field for destinations across the Atlantic.—V. 161, p. 2213.

American Cable & Radio Corp. — Earnings Hold—Elects Two New Directors—

Gross operating revenues of the American Cable & Radio Corp. system currently are running at about the same level as a year ago, John W. Lair, Vice-President and Comptroller, informed stockholders of the company at their annual meeting held on June 5. Revenues for the first three months of this year, Mr. Lair reported, ran slightly in excess of $5,000,000.

Two new directors, George E. Allen and Mark A. Sunstrom, were elected to the board. Mr. Sunstrom is Vice-President and Comptroller of the International Telephone & Telegraph Corp., the parent concern.

Mr. Allen is Vice-President and Secretary of the Home Insurance Co., with headquarters in Washington, D. C. He is a trustee of the Penn Mutual Life Insurance Co. of Philadelphia. He also holds, among others, directorships in the Aviation Corp. and the General Aniline & Film Corp.

American & Foreign Power Co. Inc.—Annual Report—

W. S. Robertson, President, in the annual report for 1944 released June 1 reports that the year was one of continued progress for the company. Business activity in the areas served by the subsidiaries was maintained at a high level, aided by sustained strong export demand for agricultural and mineral products, and increased domestic trade in goods of local manufacture. These prosperous conditions were reflected in mounting demand for electric power, with the result that the volume of business of the subsidiaries surpassed all previous records, and the majority of the plants operated at or near capacity.

Summary of Operations

Operating revenue of the subsidiaries were $77,716,599 in 1944, an increase of $5,301,699, or 7.3% over 1943, and operating revenue deductions of $58,069,801 were up $3,507,627, or 6.4%. Net operating revenues were $19,646,798, an improvement of $1,794,072, or 10% over the 1943 results. The balance of consolidated income of the company and its subsidiaries after interest charges was $9,454,401 for 1944, compared with $7,484,214 for 1943. No income has been included for the subsidiaries of the company in Shanghai, China, whose properties are still under the control of the Japanese.

Nearly one-half of the increase in subsidiaries' operating expenses was due to higher salaries, wages and related expenses, while approximately one-fifth of the increase was accounted for by higher taxes. Over-all fuel costs increased by only $267,000; increases in Argentina, Brazil, Chile and Mexico, aggregating approximately $1,300,000, being nearly offset by decreases in Cuba and Panama. The decreases were due to reductions in ocean freight rates and war risk insurance and, in the case of Cuba, to reconversion of some boilers from coal to oil-burning.

Living costs have continued to rise in practically every country in which the subsidiaries operate, and are reflected in increased expenses. However, increased business and economies effected by the System made it possible to maintain the ratio of operating expenses to revenues at 67%, the same as for 1943.

Current Trends and Future Outlook

The net revenues of subsidiaries for the first quarter of 1945 were $393,000 (or 6%) higher than those for the first quarter of 1944. This was due to a continuance of the satisfactory trend in operating revenues, which increased $1,647,000. Operating expenses also increased and were $1,254,000 higher than those for the first three months of 1944, due largely to the increased cost of fuel in Argentina and to generally higher expenses for wages and taxes in other areas.

It is of prime importance to the company that the simplification of its corporate structure, as proposed in the plan of reorganization filed with the SEC on Oct. 26, 1944, be achieved as soon as possible. Until the present proceedings before the SEC are concluded and the various issues involved are finally resolved, the company will be handicapped in developing its long-range financial plans for system expansion and betterment.

The company's interests are closely interwoven with the industrial and economic progress which is being achieved by the good neigubor republics. To keep pace with the steady increase in the demand for electric power resulting from the expansion of local commerce and industry, which already has overburdened the facilities of many of the operating subsidiaries, further additions and improvements to existing plant have become a matter of necessity. This situation is reflected in the 1945 construction budgets of the subsidiaries, which forecast expenditures of $15,800,000 if the necessary materials and equipment can be made available. This respresents the largest annual program undertaken by the company's subsidiaries since 1931. An encouraging development in connection with this program has been the easing, since the termination of war in Europe, of restrictions which previopusly had held up the exportation to the operating subsidiaries of urgently-needed equipment and supplies.

American Light & Traction Co.—Ordered to Amend Plan—

The SEC on June 3 gave the 30 days in which to amend acceptably its integration plan.

If amendments bringing the plan into conformity with the SEC's four-point program for compliance with a four-year-old integration order are not made within the 30 days, the Commission said it would propose its own plan for the liquidation and dissolution of the company and seek court enforcement.

Under a 1941 integration order, American Light and its parent, United Light & Railways Co., were ordered to divest themselves of interest in Detroit Edison Co., Michigan Consolidated Gas Co., Madison (Wis.) Gas & Electric Co. and Milwaukee Gas & Light Co.

The present order followed the tentative views expressed by the SEC on March 13 when it advised the company that there should be "no further delay" occasioned by a proposal to construct a $70,000,000 pipe line from the Hugoton gas fields in Kansas to furnish gas to Michigan Consolidated, Milwaukee Gas and Madison Gas. The line would also serve 44 communities in Illinois, Iowa and Missouri.

The following steps were prescribed by the SEC as most appropriate:

Retire outstanding preferred stock with present cash plus proceeds from the sale of part or all of the Detroit Edison stock held by American Light at par or liquidating value with an escrow deposit for the payment of any balance. (The Detroit Edison stock is valued at $29,000,000).

Sell the balance of the Detroit Edison stock and donate proceeds to Michigan Consolidated to aid in financing an additional supply of gas.

Distribute American Light's portfolio securities to its common stockholders on a pro rata basis after selling or combining minor subsidiaries.

Dispose of Railways' proportionate interest in American Light's subsidiaries immediately and devote proceeds to reducing senior securities of companies in Railways' system.

Since "it now appears that the pipe line cannot be built during the war emergency and is only a possible new business venture which may be undertaken in the indefinite future . . . or which may never materialize," the SEC said it could not agree to the retention of the Detroit Edison stock for future use in connection with its construction.

Since the sale of this stock would provide funds for the retirement of American Light's preferred stock, the Commission also disapproved of the proposed $4,750,000 bank loan to finance the retirement.

If Michigan Consolidated is able to secure permission from the Federal Power Commission and other authorities to construct the pipe line, the SEC said it would approve the pending application to create a new corporation in order to establish a "proper applicant" to own and operate the line providing the common stock initially issued is held by Michigan Consolidated or distributed by American Light in its liquidation.

The SEC said it would withhold proposing a plan for the divestment of Columbus and Southern Ohio Electric Co. for 90 days since it has been notified that negotiations are pending for the sale by Railways and a subsidiary, Continental Gas Electric Corp., of their interest in Columbus.—V. 161, p. 1418.

American Power & Light Co.—SEC Approves Transfer of Utility Securities—Company to Increase Investment in Minnesota Power Subsidiary by $17,700,000—

The SEC on June 6 approved the plan of the company to increase its investment in its subsidiary, Minnesota Power & Light Co., by transferring to the latter securities in the amount of $17,703,064. The Commission said the plan is designed to correct "an existing unfair and inequitable distribution of voting power" among Minnesota's security holders by increasing the equity represented by the common stock, all of which is held by American.

The plan also is designed to facilitate compliance by Minnesota with

an order of the Federal Power Commission directing Minnesota to eliminate certain inflationary items from its property accounts.

There are outstanding in the hands of the public 78,929 shares of 7% and 70,111 shares of $6 preferred stocks.

The plan also provides for the conversion of the outstanding $6 and 7% preferred stock of Minnesota held by the public share for share, into a new 5% preferred stock and for the payment of $5 per share in cash to the holders of the $6 preferred and $10 per share in cash to the holders of the 7% preferred.

The securities to be transferred by American to Minnesota include a part of Minnesota's common and preferred stocks, all the common stock of Superior Water, Light & Power Co., and all the securities of the Pike Rapids Power Co. and Topeka Land Co.

The bulk of the securities to be transferred by American to Minnesota consist of $14,500,000 of the latter's common stock and $195,404 of its preferred stocks.—V. 161, p. 306.

Atlantic Refining Co.—Exercises Oil Option—

The company has exercised its option to pay $2,000,000 to the Pantepec Oil Co. of Venezuela for a half interest in the Pirital block in Venezuela, consisting of 21,436 acres in the State of Monagas, William F. Buckley, member of the American stockholders' committee, has announced.

Atlantic has completed one well on this block as a 175-barrel producer. Well No. 2 is down to 5,000 feet but ran into mechanical difficulties and another well will be drilled in its place. Well No. 3 is about 3,600 feet deep.

Under the contract, Atlantic Refining Co. is under obligation to drill a fourth well on this block which may, however, with the consent of Pantepec, be drilled on a different block.

The Atlantic Refining Co. is under the obligatiton to drill four wells on four other different blocks in a total area of 304,680 acres to be completed by March 31, 1947, and within 30 days after completion of these wells must decide whether or not it will acquire a one-half interest in the 304,680 acres for an additional consideration of $2,000,000.—V. 161, p. 2215.

Stock is also subject to redemption through operation of a sinking fund, beginning in 1948, at $103½ per share, plus dividends to date of redemption. Entitled, in preference to the common stock, to redemption price per share upon voluntary liquidation and $100 per share upon involuntary liquidation, plus dividends in each case. Transfer agent and registrar, Indiana Trust Co., Indianapolis, Ind. Exempt from the Indiana intangibles tax.

Exchange Offer—Company gave to the holders of 18,067 shares of its 6% preferred stock the opportunity to offer such shares to the company, prior to 12:00 noon on April 28, 1945, in exchange for the new 4½% cumulative preferred stock on a share-for-share basis, plus a certain cash payment by the company. The holders of the remaining 6,574 shares of 6% preferred stock, not heretofore called for redemption, agreed to such exchange. Only shareholders who certified that they were residents of Indiana and not dealers in securities were entitled to make the exchange.

History and Business—The business of company consists of the operation of a full line department store distributing quality merchandise. The principal establishment is located at 1-15 West Washington Street and 26-36 South Meridian Street, Indianapolis, Ind.

Company is the successor (in ownership) of the "Trade Palace," which was operated under various ownerships from 1848 to 1872, when Lyman Ayres, a merchant from Geneva, N. Y., bought a partnership in the existing ownership, N. R. Smith & Co. The firm then became known as N. R. Smith & Ayres.

In 1874 Mr. Ayres acquired the N. R. Smith interest and changed the name of the firm to L. S. Ayres & Co. In 1896 the business was incorporated as L. S. Ayres & Co. with a paid-in capital of $200,000.

The company has had a policy of continuous plant modernization.

Ballard Oil Co. of Hartford, Inc.—Partial Redemption

Four first mortgage 7% 20-year gold bonds due Jan. 1, 1948, of $1,000 each, have been called for redemption on July 1, 1945, at 103 and interest. Payment will be made at the Hartford-Connecticut Trust Co., trustee, 760 Main Street, Hartford, Conn.—V. 160, p. 2754.

Baltimore & Ohio RR.—$84,563,276 Bonds Go to RFC

The company has been authorized by the ICC to sell $84,563,276 of collateral trust 4% bonds to the Reconstruction Finance Corporation. Proceeds from the sale will be used to pay off certain notes of the B. & O. held by the RFC.

The transaction is part of a refunding plan previously approved by the Commission and which the company had said would make reorganization unnecessary.

The B. & O. was authorized to sell the bonds, maturing on Jan. 1, 1965, to the RFC at par plus accrued interest.

Equipment Trust Certificates Authorized—

At the same time the Commission approved another application of the company to issue $4,680,000 of 2% equipment trust certificates to be sold at 100.073. The certificates will be used for part payment for five steam freight locomotives, seven Diesel passenger locomotives and 500 steel box cars.—V. 161, p. 2438.

Beatrice Creamery Co.—Sales Increasing—

2 Months Ended April 30—	1945	1944
Total sales	$18,261,475	$15,940,904

C. H. Haskell, President, at the annual meeting, said:

"We are continuing to make plans for the post-war. We have developed several new products which will be ready to sell when materials are available and food limitation orders have been removed. We expect there will be many changes in the food distributing business, but we do not believe that those changes will come as fast as many people anticipate. We believe our big job in the post-war period will be to get our organization in shape to meet post-war production and sales problems.

"Sales for the fiscal year ended Feb. 28, 1945 increased $3,817,627 over sales for the preceding fiscal year. This increase would have been greater, if it were possible to maintain the volume of butter sales on a pre-war basis. Reducing our butter sales to pounds, our sales last year were 11.3% less than the previous year, and 26.02% less than the fiscal year ended Feb. 28, 1942. This decrease in sales is due to lack of supplies and the difficulty of meeting our requirements. When we consider that, if this reduced available volume, the Government took 55% during the month of May this year, we realize why butter is so short and why the 24-point per pound value is placed on butter sales by the OPA. It also explains why the butter department's operations could not be profitable. We do not look for any substantial improvement in butter sales this year.

"Sales in most of our major departments during the last fiscal year increased over the previous year. The company is continuing its policy of diversification. Sales of products, other than dairy and poultry, reached a total of $13,378,059, or an increase of 30.47% over corresponding sales of these products for the previous year. The principal items, specialty foods and frozen foods, showed an increase in sales, but this increase was retarded by the difficulties in obtaining ample supplies of such merchandise.

"Sales to war agencies for last year amounted to 12% of our total dollar sales."—V. 161, p. 1194.

Buffalo Electro-Chemical Co., Inc.—Expansion—Voting Trustees Seek to Regain Control—

This corporation has embarked on an expansion program which will cost between $1,300,000 and $1,400,000 and will increase production approximately 60% from present levels, Charles A. Buerk, President, announced on May 23.

The program, expected to be completed by Jan. 1, calls for the erection of an addition to the plant at Tonawanda, N. Y., costing more than $400,000, with the rest of the outlay for new equipment and machinery, Mr. Buerk said.

"Products to be manufactured in the new addition will include hydrogen peroxide, persulphates and percompounds, all of which now are being used in the war effort," he stated. "The plant currently is engaged 100% in the production of items for the war."

The voting trustees representing a group of stockholders of this company on May 23 filed suit in the Federal Court seeking to regain control of 800 shares of capital stock that have been held since November, 1942, by the Alien Property Custodian.

The shares are part of 1,600 held in a "blocked account" for Miss Margot Francke of Aarau, Switzerland.

Before the Alien Property Custodian took control of the shares, the voting trustees held 5,713 of the 11,000 outstanding shares, the suit claims.

The voting trustees are: Charles A. Buerk, Max E. Bretschger, Louis Wirth, Jacob F. Schoellkopf, Jr., and Ansley W. Sawyer.—V. 154, p. 1726.

The Manufacturers Trust Co., New York, has been appointed registrar for the first preferred and preferred stocks.—V. 161, p. 2106.

Burlington Mills Corp.—Plans to Refund Present Debt and 5% Preferred Stock—

The stockholders will vote June 28 on approving a proposal to simplify the capital structure of the corporation through the creation of 200,000 shares of new preferred stock with a par value of $100. The board of directors, in making the proposal, has recommended the initial issuance of 150,000 shares of this new preferred in order to retire the 58,602 shares of 5% cumulative preferred now outstanding and the $8,000,000 principal amount of funded debt. Upon completion of this financing the company will have outstanding only the proposed new preferred and the present 1,723,376 shares of $1 par value common stock.

Pending action by the stockholders, the company plans to file a registration statement with the Securities and Exchange Commission to cover the sale of $15,000,000 of the new preferred. Subject to approval by stockholders, it is expected that the stock will be offered to the public early in July by a group of underwriters headed by Kidder, Peabody & Co.—V. 161, p. 2439.

Company states that the decrease in net earnings from the March, 1944, quarter was due to the following factors. First, the railroad operations of the Terminal Co. have been transferred to the Bush Terminal RR. The Railroad Co. lost $10,132 in 1944 and in 1945 made a net profit of $19,665. According to the company this will, at the end of the year, on a consolidated return, increase the net earnings of the two companies by approximately $30,000 for the first quarter. Secondly, the amount set up for maintenance for the first quarter of 1944 proved to be inadequate and substantial increases were necessary later in the year. For the first quarter of 1945, the maintenance was estimated to be $20,000 higher than the first quarter of 1944, on a consolidated basis.—V. 161, p. 1652.

*Loss.

The cutback in the Government's shipbuilding program was the major factor contributing to company's operating loss in the first quarter, the report states. The company's production for civilian needs, because of Government restrictions, is negligible and cannot at this date be expected to take up any appreciable part of the slack in output. Higher wages and increased cost of raw materials also played a part in reducing revenue.—V. 161, p. 563.

Central New York Power Corp.—To Purchase Non-Callable Bonds—

Notice is hereby given that a post-effective amendment to a declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Central New York Power Corporation, a public-utility subsidiary of Niagara Hudson Power Corporation and of the United Corporation, a registered holding company.

Notice is further given that any interested person may, not later than June 4, 1945, at 5:30 p.m., EWT, request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such post-effective amendment, as filed, or as amended, may become effective as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said post-effective amendment, which is on file in the office of the Commission, for a statement of the transaction therein proposed, which may be summarized as follows:

The SEC has amended its order dated April 23, 1945, which authorized the corporation to purchase on the open market an aggregate of $3,792,000 of non-callable bonds, the purchases to consist of a maximum of $1,292,000 of Northern New York Utilities, Inc., first mortgage bonds, due 1947, and a maximum of $2,500,000 of Syracuse Lighting Co. first mortgage bonds, due 1951, at proposed maximum purchase prices of 111½% and 121% of the respective principal amounts thereof.

The corporation now proposes to reduce the amount of Northern New York Utilities, Inc., and Syracuse Lighting Co. bonds to be purchased and to include in the aggregate of $3,792,000 of non-callable bonds to be purchased, $1,000,000 of Utica Gas and Electric Co. refunding and extension mortgage, 5% 50-year bonds, due July 1, 1957, at a price not to exceed 135% of the principal amount thereof. The purchases are to be made in the open market from time to time during a period not to exceed one year from May 31.—V. 161, p. 2439.

Central RR. Co. of New Jersey—Petition Withdrawn—

Institutional holders of the company's bonds have abandoned their efforts to dissolve the road's tax dispute through payment of a lump sum of approximately $22,400,000 in settlement of all claims. The proposed settlement would have involved payment by the road of $22,402,810, comprising $13,844,485 for taxes in the period 1932 to 1940; $6,272,865 interest on unpaid taxes to Oct. 30, 1939, and $2,285,360 as compensation for loss of interest from Oct. 30, 1939.—V. 161, p. 2440.

Central States Electric Corp.—Trustees Retained—

Robert G. Butcher, Richmond, Va., and Carl J. Austrian, New York, will continue to serve as trustees of the corporation, Judge Robert N. Dollard ruled June 4 in Federal District Court.

The court announced an order would be entered overruling a motion brought by the committee for 7% cumulative preferred stock to vacate an order of Nov. 15, 1944, appointing Austrian.—V. 161, p. 2106.

Certain-teed Products Corp.—Exchange Offer—

Rawson G. Lizars, Chairman of the Board, on June 5 announced that the directors have approved an offer to the remaining holders of 6% cumulative prior preference stock, giving them the right to exchange each share for one share of new 4½% $100 par value cumulative prior preference stock, five shares of common stock and $4 in cash. The offer of exchange will expire at 3 p.m., EWT, on July 10, 1945.—V. 161, p. 2328.

Champion Paper & Fibre Co.—Plans Recapitalization

The directors on June 5 called a meeting of the common stockholders to be held on July 6 for the purpose of authorizing a new issue of 150,000 shares of preferred stock.

Present plans of the company contemplate, if the stockholders approve the issue, that the presently outstanding $10,500,000 3¼% first mortgage bonds due 1957, $650,000 of notes due in 1946 and 1947, and 115,000 shares of 6% preferred stock will be replaced by $13,000,000 of 20-year debentures and 100,000 shares of the new preferred stock.

It is also contemplated that the 100,000 shares of new preferred stock will be offered to the holders of the presently outstanding 6% preferred stock in exchange for the shares which they now hold. Unexchanged shares would be called for redemption.

It is expected that the offerings of the debentures and preferred stock will be underwritten by a group of underwriters headed by Goldman, Sachs & Co.—V. 161, p. 1312.

Chanin Building (Lexington Ave. & 42nd St. Corp.)—Protective Committee Announces Formation, Following Commencement of Reorganization Proceeding Under New Statute—

Announcement of the formation of a protective committee for the Chanin Building first mortgage leasehold cumulative 4% income bonds due Sept. 1, 1945, was made June 2, following the filing of a petition for reorganization in the New York Supreme Court by the Lexington Avenue and 42nd Street Corp., the leasehold owner of the Chanin Building.

The protective committee for the first mortgage leasehold bonds consists of James A. Beha (formerly Superintendent of Insurance of the State of New York), Sidney A. Shaskan, Thomas F. Corrigan, Robert L. Jones, and Joshua Morrison. Mr. Morrison, of 20 Exchange Place, New York City, will also act as secretary for the committee. Counsel to the committee are Wagner, Quillinan, Wagner & Tennant and Abraham N. Geller.

The petition was filed by the leasehold owner pursuant to the recently enacted amendment to the Burchill Act. This amendment authorizes the reorganization of securities which were issued pursuant to previous state Burchill Act reorganizations and Federal bankruptcy reorganizations. It is believed that this is the first reorganization proceeding commenced under the new statute.

The plan of reorganization offered with the petition of the Lexington Avenue and 42nd Street Corp., as owner of the leasehold, provides that the maturity of its first, second and third mortgage leasehold bonds due on Sept. 1, 1945 be extended. The first mortgage leasehold bonds, which the Beha committee represents, are outstanding in the amount of $6,059,000. The second and third mortgage leasehold bonds are outstanding in the aggregate amount of $5,642,500. The bonds had been issued pursuant to a plan of reorganization approved by the Supreme Court of New York State on July 24, 1934.

The entire premises, known as the Chanin Building, has been assessed for real estate purposes at $9,750,000 of which $4,200,000 represents the land and $5,550,000 represents the building. The land is not part of the security underlying the mortgages.

The committee's secretary, Mr. Morrison, stated that although the committee regretted the necessity of another reorganization in the space of little more than 10 yars after the 1934 reorganization, the current proceeding will afford an opportunity to reorganize the property and the securities on a more equitable and permanent basis. He stated that it was the committee's purpose to bring about a plan which would prevent, as far as is possible, any further reorganization of the property and any unnecessary diversion of income in the future to junior interests. It was stated that the committee intended to participate actively in the pending reorganization and in any other proceedings that might develop, and that the committee will endeavor to effectuate a plan which will fully recognize the senior position of the first mortgage bonds.—V. 147, p. 2084.

Chapman Valve Mfg. Co.—Plans to Buy Annex—

Officials of this company have announced plans for the purchase of the plant and equipment now operated by it for the Navy Department.

Under the proposed negotiations, the company intends to use both the Government-owned facilities and older buildings now in use for peacetime production, it was said. However, war orders at the company continue to be heavy and it is not expected that the opportunity to purchase the Government property and equipment will arise soon.—V. 160, p. 2216.

Chesapeake & Ohio Ry.—Trustee Appointed—

The Manufacturers Trust Co. has been appointed trustee of an issue of $2,500,000 1⅝% equipment trust certificates.—V. 161, p. 2440.

Chicago Aurora & Elgin RR.—Continuance Urged—

A report recommending the continued operation of the company was filed May 31 before Federal Judge John P. Barnes at Chicago, Arthur L. Schwartz, trustee, announced.

Mr. Schwartz was appointed trustee by Judge Barnes, following a petition filed April 27 which sought to place the road into bankruptcy under the Chandler Act. On April 30, Judge Barnes ordered Mr. Schwartz to file a report, stating in full the financial condition of the line and a report on the desirability of continuing operations.

The line has been in equity receivership since July 21, 1932, with A. A. Sprague and Bernard J. Fallon as receivers.

Mr. Schwartz stated in his report that continued operation of the road can show a slight profit provided the operating costs are not increased.—V. 160, p. 2292.

Chicago, North Shore & Milwaukee RR. — Trustee's Report—

A deadline of Aug. 1 has been set by Federal Judge Michael L. Igoe in Chicago for the filing of suggestions for a plan of reorganization for the railroad. This action followed the filing by John B. Gallagher and Edward J. Quinn, trustees of the 1944 earnings report, the first comprehensive statement to be made public since the company went into receivership in 1932.

The report showed a net income of $471,351 for 1944. The net was determined without provision for amortization of investment in property under lease, and compares with a net of $464,774 for 1943.

Operating revenues were $8,991,393 as compared with $8,425,959 for 1943. Operating expenses were $7,228,639, against $5,782,608 for the preceding year, operating income before taxes amounted to $1,514,140, against $1,437,450 for the previous year, with gross income of $1,752,399, as against $1,662,602 in 1943.—V. 161, p. 764.

Chicago Rock Island & Pacific Ry.—$12,000,000 Relocation Program Partially Completed—

As a result of the opening of the new $3,000,000 President Harry S. Truman Bridge at Kansas City, Mo., and the rerouting of trains into the Kansas City Union Depot, the Rock Island Lines cut one hour off the running time of the Golden State Limited, all-Pullman train between Chicago and Los Angeles, effective on June 3, it is announced. The new bridge was built in conjunction with the Milwaukee Road.

A. D. Martin, Passenger Traffic Manager, further announced that the Rock Island's new schedule is made possible also through partial completion of a $12,000,000 relocation program, involving 100 miles of new roadbed and track on the Golden State route between Davenport, Iowa and Kansas City.

The relocation projects, two of which have been completed, are being constructed to reduce curvature and grades, permitting increased passenger speeds and heavier freight tonnage in that territory.

Operating Department Reorganized—

With a reorganization of the operating department, Rock Island Lines, the railroad will now be divided into two districts instead of three, with a general manager and an assistant general manager in charge of each district, effective June 1, it was announced on May 31 by W. H. Hillis, operating officer of the road.

Under the new plan, G. W. Raney will be General Manager of the first district, with headquarters in Chicago, and C. L. Franklin, General Manager of the second district, with headquarters in Kansas City, Missouri. Both Mr. Raney and Mr. Franklin have been officials of the Rock Island for several years.—V. 161, p. 2440.

Chicago & Western Indiana RR.—Partial Redemption

The company has called for redemption on Sept. 1, next, $378,000 of first and ref. mortgage 4¼% sinking fund bonds, series D, due Sept. 1, 1962, at 100 and interest. Payment will be made at the Banker Trust Co., trustee, 16 Wall St., New York, N. Y.—V. 160, p. 2539.

Cities Service Gas Co.—Acquisition—

The Federal Power Commission has authorized this company to acquire from its affiliate, Cities Service Transportation & Chemical Co., the 231-mile Hugoton 26-inch natural gas pipeline.

This acquisition of these facilities, now owned by the Transportation company and operated by Cities Service Gas Co. under a 28-year lease, will be effected as follows: Cities Service Gas will (1) purchase from Empire Gas & Fuel Co., its parent, for $3,000,000 cash the Transportation company's outstanding capital stock, consisting of 30,000 shares of $100 par value each; (2) liquidate the Transportation company, whose only function is to own the facilities involved, acquire its assets and their recorded cost less depreciation, and assume its liabilities, and (3) redeem the Transportation company's debt to Empire in the amount of $7,200,000.

Cities Service Gas Co. reported that as of Feb. 28, 1945, the cost of

the Transportation company's facilities amounted to $10,700,757, and the accrued depreciation and amortization was $317,328, resulting in a depreciated cost of $10,383,429.—V. 160, p. 1860.

Clyde Porcelain Steel Corp.—Bonds Offered—Mention was made in our issue of June 4 of the offering by Kobbe, Gearhart & Co., Inc. and Newburger & Hano, of $500,000 15-year 5½% mortgage sinking fund convertible bonds at 100 and interest.

Dated April 1, 1545; due April 1, 1960. Coupon bonds in denominations of $1,000 and $500, registerable as to principal only. Interest payable April 1 and Oct. 1 at Central National Bank of Cleveland, trustee. Redeemable at any time in whole or in part on 30 days' notice, at 105% and interest to and including April 1, 1946, the premium decreasing by ½% during each succeeding year thereafter to and including April 1, 1955, and thereafter at par to maturity. Bonds of either denomination are convertible at the option of the holder prior to redemption into common stock of the company at the following rates for each $100 of the principal amount thereof: to and including April 1, 1950, 20 shares; thereafter to and including April 1, 1955, 15 shares; thereafter to and including April 1, 1960, 10 shares. Reimbursement of Massachusetts and Maryland income taxes not exceeding 6%, and Ohio personal property taxes not exceeding 5%, of interest on bonds and of Pennsylvania personal property taxes not exceeding 4 mills per annum on each dollar of principal amount of bonds. Sinking fund in the amount of $15,000 per annum, payable on or before April 1, 1946, and each succeeding April 1, in cash or in bonds purchased with other than sinking fund moneys, taken at the principal amount thereof.

History and Business—Corporation was incorporated in Ohio Oct. 24, 1933, under the name of Davidson Enamel Co., which name was changed to the present title June 16, 1943. Company was originally organized for the primary purpose of providing "stand-by" facilities in the peak seasons for Davidson Enamel Products, Inc. (Ind.), on porcelain finished food compartments used in electrical refrigerator cabinets and other porcelain finished items. Until 1938 the principal business of the company was in the overflow volume from the Indiana company, but in addition the company developed a relatively small volume of other jobbing business for such items as signs and architectural porcelain. In 1938, the management decided to change the character of the company's business from a seasonal "stand-by" and small volume business to a mass-production business, and the company continued to develop along those lines until war-time restrictions were placed upon the manufacture of civilian goods. Company's principal office and plant is located in the City of Clyde, O.

An aggregate of approximately 25% of the common stock of the company (being the only stock presently outstanding which is entitled to vote for the election of directors) is owned by R. R. Trubey, President. Mr. Trubey is also President and owns a majority of the common stock of Baltimore Porcelain Steel Corp., of Baltimore, Md. (being the only stock of that corporation presently outstanding and entitled to vote) the business of which is substantially similar to that of the company, namely, the application of porcelain finishes on steel. Thornton E. Stokes, a director, Vice-President and sales manager of the company, is also a director of and Vice-President of Baltimore Porcelain Steel Corp., and Eugene R. Farny, a director of the latter corporation is also a director of this company.

After the war it is expected that both the company and the Baltimore Porcelain Steel Corp. will so far as practicable discontinue their jobbing business and concentrate their efforts and facilities on porcelain finishing of mass-production items such as washing-machine tubs and parts, table tops, bath tubs, sinks, lavatories, refrigerator liners and food compartments. Although the business of this company and of Baltimore Porcelain Steel Corp. as conducted after the war are expected to be substantially similar, except for Veos Tile which is expected to be produced only by the company, it is not anticipated that they will compete with each other for business or that there will be any conflict of interest on the part of the common management personnel between the two companies for the reasons that the two companies have in the past and are expected to serve two geographically different markets and the anticipated expansion of demand for the mass-production items after the war should provide sufficient business for both. It is expected that the company will manufacture for others and will not manufacture any items for marketing direct.

Company is principally engaged at the present time in the manufacture of tank doors, under the sub-contract purchase orders from Chrysler Corp. and from Fisher Tank Division of General Motors Corp., and in heat-treating end-connectors for tank track, under sub-contract from Horst Manufacturing Co., Detroit, and Stearns Manufacturing Co., Adrian, Mich.

Columbia Gas & Electric Corp.—SEC Delays Hearing on Plan—

The SEC on June 2 postponed from June 5 to July 17 the reconvened hearing on corporation's plan for divestiture of properties and corporate simplification to comply with the Public Utilities Holding Company Act of 1935.

Columbia requested postponement on the grounds that it and the United Corp., holder of 19% of its common stock, "have held meetings for the purpose of exploring, in view of recent substantial improvements in the market for securities of public utility holdings and in the light of United's opposition to the Columbia plan, the possibility of modifying the present plan so as to develop a program upon which Columbia and United could agree."

"Substantial progress in the process of exploration already has been made," Columbia stated, "and the Columbia management is actively at work in developing various possible alternative steps, which will require additional time to study. It will make for expedition in the ultimate consummation of a plan if the hearings are adjourned."—V. 161, p. 2441.

Commercial Credit Co.—To Issue New Preferred Stock

The stockholders will vote July 16 on authorizing a new preferred stock issue of 500,000 shares of $100 each, or $50,000,000, which will take the place of the presently authorized issue of preferred stock.

The directors propose to sell $25,000,000 of the new preferrd stock with a lower dividend rate than the 4¼% on the $12,193,800 presently outstanding cumulative convertible preferred stock, which it is proposed shall be redeemed at $105 per share plus accrued dividends to date of redemption. The holders of such stock, however, will be given an opportunity, for a brief period, to exchange their shares for shares of the new preferred stock, with proper adjustments to be made in cash between the call price for the old stock and the offering price of the new stock.

A registration statement in respect to the exchange and sale of the new preferred stock has been filed with the SEC.

It is planned to have the new stock offered for public subscription about the middle of July through a nation-wide underwriting group headed by Kidder, Peabody & Co. and The First Boston Corp., both of New York. Upon completion of the proposed program the net invested capital of Commercial Credit Co. will be in excess of $80,000,000.—V. 161, p. 2107.

Commonwealth Edison Co.—Weekly Output—

Electricity output of the Commonwealth Edison group of companies, excluding sales to other electric utilities for the week ended June 2, 1945, showed a 1.3% increase over the corresponding period last year. Commonwealth Engineering, Dayton, O. — Buys Famous Patents—

Colonel H. A. Toulmin, Jr., Chairman of the board, has announced the acquisition by this company of the 50 patents of the Chadeloid Chemical Co., of New York City, dealing with wood stains, opalescent lacquers and varnish removers. Many of the inventions of the late Carleton Ellis are covered by the patents transferred. A new company, the Chadeloid Corp., of Dayton, Ohio, has been formed to acquire these properties.

The new corporation has also acquired the many licenses already existing betwen its predecessor and the leaders of the industrial finishing industry representing many of the major units in the paint and varnish field.

Commonwealth Engineering owns New Wrinkle, Inc., which undertook the mass licensing and merchandising of Wrinkle Finishes about six years ago and now has some 200 licensees consisting of practically all of the members of the industrial finish industry in the United States and many leading corporations abroad.

Commonwealth & Southern Corp.—SEC Approves Recapitalization Plan—Only Minor Amendments Required

With certain reservations, necessitating the filing of minor amendments, the SEC on May 31 approved the recapitalization plan filed by the corporation.

The plan, the Commission agreed unanimously, meets the requirements of its one-stock recapitalization order of April 9, 1942; is "fair and equitable" to the company's security holders and is "an appropriate step toward bringing Commonwealth into compliance with the integration standards" of the Public Utility Holding Company Act.

If the stockholders approve the plan after it has been amended, the Commission said, it would make application, pursuant to the request of Commonwealth, for court enforcement. "If the amendments are not made, or if the plan does not receive a favorable vote of stockholders," the Commission's opinion stated, "we shall then consider what further action should be taken in these proceedings."

The plan provides for a distribution of common stocks of four subsidiaries, and of shares of Commonwealth's own new common stock in exchange for the outstanding preferred and common stocks of Commonwealth on the basis of 85% for the present preferred stock as a class and the remaining 15% for the present common stock as a class.

The subsidiaries to be distributed are the so-called "Northern" utilities—Consumers Power Co. (Mich.), Central Illinois Light Co., Southern Indiana Gas & Electric Co. and Ohio Edison Co. Pennsylvania Power Co. became a subsidiary of Ohio Edison following certain readjustments completed a few months ago. Thus all of the existing preferred stock of Commonwealth would be eliminated and the company would be left with five utility subsidiaries operating in Georgia, Mississippi, Florida, Alabama and Southern Carolina.

Before making the distribution, Commonwealth would take legal action to change the common stock of Consumers Power Co. and Ohio Edison Co. into 1,795,847 shares each and that of Southern Indiana Gas and Electric Co. and Central Illinois Light Co. into 359,170 shares each. The company would issue 8,979,234 shares of its own new common stock, and distribute "packets" of the new stock as follows:

Details of Exchange—Each share of Commonwealth's 1,482,000 shares of preferred stock would be exchanged for 1.03 shares of common stock of Consumers; 1.03 shares of common of Ohio Edison; 206/1000 of a share of common of Central Illinois and 206/1000 of a share of common of Southern Indiana; 5.15 shares of Commonwealth's new common, and from $2.75 to $3.50 in cash. The latter sum would be fixed by the board of directors.

Each share of Commonwealth's 33,673,328 shares of common stock would be exchanged for 8/1000 of a share of common of Consumers; 8/1000 of a share of common of Ohio Edison and 16/10,000 of a share of Commonwealth's new common stock.

In arriving at the conclusion that the plan was fair and equitable, the SEC found that future net income applicable to the securities being distributed might be expected to average $17,700,000 yearly since, the Commission said, the present Federal excess profits tax would not be permanent and there was a "substantial possibility" of favorable refinancings of some of the subsidiaries' debt and preferred stocks. Jay Samuel Hartt, consulting engineer for the company, estimated the prospective annual consolidated net income at $24,708,000, while Justin R. Whiting, President of the company, testified he considered $20,000,000 as a fair estimate of Commonwealth's prospective net income.

Fifteen Days Are Allowed—Commonwealth was allowed 15 days within which to file the amendments, which would require the election of a new board of directors of Commonwealth within a specified time after the distribution of 75% of the new common stock; the endowing of the new common stock with the right of cumulative voting in all elections of directors, and amending the charters of Consumers and Southern Indiana to give the preferred stockholders of each the right to elect a majority of the board of directors upon defaults aggregating one year's preferred dividends.

The amendments, together with others not adopted by the Commission, were suggested by the staff of the SEC's public utilities division, and Commonwealth's counsel, in their reply briefs, indicated the company's willingness to accept the amendments ordered in the Commission's ruling.

Weekly Output—

The weekly kilowatt hour output of electric energy of subsidiaries of this corporation adjusted to show general business conditions of territory served for the week ended May 31, 1945 amounted to 247,582,980 as compared with 236,506,900 for the corresponding week in 1944, an increase of 11,076,080 or 4.68%.

Preferred Dividend Authorized—

The Securities and Exchange Commission on May 30 approved the proposed payment of a dividend of $1.25 per share on the company's preferred stock. The distribution will be made on June 27 to holders of record June 13.—V. 161, p. 2441.

Connecticut Power Co.—Partial Redemption—

There have been called for redemption on July 1, 1945, through operation of the sinking fund, $19,000 of first and general mortgage 3¼% series B bonds due 1967 at 102 and interest. Payment will be made at the Hartford National Bank & Trust Co., trustee, 777 Main Street, Hartford, Conn.—V 161, p. 1540.

Consolidated Cigar Corp.—Partial Redemption—

The corporation has called for redemption on July 2, next, 307 of its outstanding shares of $4.75 cumulative preferred stock, at $100 per share and accrued dividends. Payment will be made at the Manufacturers Trust Co., 45 Beaver St., New York, N. Y.—V. 160, p. 2540.

Consolidated Edison Co. of New York, Inc.—Commission Rejects Merger Plan—Unification of Brooklyn, Queens Concerns May Be Approved—

The New York P. S. Commission rejected, June 6, the plan of the company to merge with its five subsidiaries, New York Steam Corp., Westchester Lighting Co., Yonkers Electric Light & Power Co., Brooklyn Edison Co. and New York & Queens Electric Light & Power Co.

Milo R. Maltbie, Chairman, who rendered the Commission's opinion, said, however, that unification of Brooklyn Edison and New York & Queens Electric with the parent company might be approved if the three companies set forth more precisely the rates which would be charged and the proposed adjustments which would be made in the accounts and records of the three utilities.

The principal consideration in a plan of merger, according to the opinion, is whether the plan is in the public interest. Also involved are reasonableness of rates, adequacy of services, interests of minority stockholders and consideration of economies which would accrue from the merger to justify elimination of the subsidiaries.

According to testimony of Ralph H. Tapscott, President of Consolidated Edison, the merger would effect a saving of more than $2,000,000 within a year after such unification was completed. Income tax savings would amount to $900,000, and the balance would be reflected in lower administrative costs.

In the case of New York Steam, the Commission holds that the functions of the company are dissimilar from the other companies in the Consolidated system. "The advantages of merger (relatively small savings in operating costs) are more than offset by the interference with adequate rate and service regulations," the Commission stated.

The Commission cited aas its reason for disapproval of the plan of merger of Westchester Lighting and Yonkers Electric with Consolidated its opposition to the extension of gas and electric company mergers "where the public interest does not dictate such approval." Such companies render competitive services, the Commission added, and when conditions are dissimilar inequalities in rates and services are likely to appear, with the result that some areas may be burdened for the benefit of other areas.

The cost of supplying service in the Westchester area, the opinion points out, differs considerably from costs in Brooklyn and Queens. It would be difficult, the opinion continues, to establish uniform rates, and approval of the merger might result in the imposition of a burden upon one class in favor of another.

Rates in Westchester range from 95 cents for the first 10 kilowatthours to two cents a kilowatt-hour in excess of 150. In New York City the comparable rates are 90 cents and two cents a kilowatt-hour in excess of 125.

Operating economies claimed for the plan have already been achieved through parent control of the subsidiaries, the Commission claims, and whatever additional economies might be achieved would result from the merger of Brooklyn Edison and New York & Queens Electric into Consolidated. Total assets of the three companies are approximately $1,250,000,000.

Output of Electricity—

The company, June 6, have announced System output of electricity (electricity generated and purchased) for the week ended June 3, 1945, amounting to 153,600,000 kwh., compared with 164,500,000 kwh. for the corresponding week of 1944, a decrease of 6.7%. Local distribution of electricity amounted to 153,000,000 kwh., compared with 160,200,000 kwh. for the corresponding week of last year, a decrease of 4.5%.—V. 161, p. 2441.

Consolidated Electric & Gas Co.—Immediate Payment Being Made on $2,000,000 of Called Bonds—

In connection with the recent announcement of the calling of $2,000,000 of collateral trust bonds, 6% series, due Aug. 1, 1957, for redemption on July 1, 1945, at 100 and interest, the company states that immediate payment of the full redemption price, together with accrued interest to July 1, 1945, will be made at any time upon presentation and surrender of any of the called bonds. See V. 161, p. 2441.

Continental Engineering & Management Corp.—Changes Name—Now Controls 85% of Jacobs Aircraft Stock—

The name of this corporation—new owners of the Jacobs Aircraft Engine Co. of Pottstown, Pa.—has been changed to Republic Industries, Inc., it was announced on June 4.

Following sale of the Jacobs Aircraft Engine Co. stock on April 26, the purchasers announced that aircraft engines would continue to be produced at the Pennsylvania plant under the Jacobs name. The change of the holding company's name does not alter the ownership nor the policy announced at that time.

Under the purchase agreement on the Jacobs stock, the new owners agreed to purchase all outstanding stock held by the minority stockholders at $6 per share, a price considerably above the average market price of the stock for the past two years. Approximately 85% of the stock had been purchased as of June 1.

Continental Mills, Boston—Offer Considered Too Low

The directors, states Charles B. Barnes, President, in a letter to stockholders, "believe that both from the point of view of the value of assets and from the point of view of potential earning capacity, the price of $125 per share for the mill (recently offered by a charitable trust of which Andrew N. Winslow, Jr. is trustee) is inadequate."

Mr. Barnes states that when Vernon L. Faulkner became Treasurer and took over the management of the mill in the fall of 1940 the company had a surplus of $34,623. In the 4½ years since then, there has been built up a surplus of $691,345, there has been established a contingency reserve of $115,000 and since August, 1942, dividends totaling $13 per share have been paid.

As of Dec. 31, 1944 the company had net quick assets of $721,733. In the 4½ years there has been spent on plant and equipment, mostly for new machinery, a total of $1,072,253, which with the net quick assets makes a total of $1,793,968. This alone, Mr. Barnes states, is $28,986 more than the total offered price of $125 per share, or $1,765,000 for the 14,120 shares outstanding.—V. 161, p. 2441.

Corning Glass Works—Acquires Plant in Canada—

The corporation has completed negotiations for the purchase of a new plant at Leaside, Ontario, Canada, for the manufacture of a complete line of glass baking ware, the first to be made in the Dominion, Glen W. Cole, President, announced on June 4.

Operations of the Canadian plant will be broadened as rapidly as possible to cover other types of glassware, Mr. Cole said. This corporation has been supplying Canada with various glass products from its American plants.

The Canadian development represents Corning's third move in the foreign field during the last two years. In 1943 the company purchased an interest in Cristalerias Rigolleau in Argentina, and in 1944 acquired an interest in Vidraria Santa Marina, of Sao Paulo, Brazil.

Operations of the Canadian plant will be handled through a wholly-owned subsidiary to be organized for the purpose. The new plant is being purchased from the Dominion Government. It is part of a plant formerly managed by Research Enterprises, Ltd.—V. 161, p. 2330.

Crosley Corp.—Plans Post-War Expansion—

The corporation has its house in order and is ready to reconvert part of its manufacturing operations to the production of civilian goods just as rapidly as Government regulations will permit and as materials are available, according to R. C. Cosgrove, Vice-President and General Manager of the corporation's manufacturing division, who disclosed that all of the Crosley plants in Cincinnati will be devoted to radio receiver production, while the manufacture of Crosley Shelvador refrigerators will be concentrated at the company's plant in Richmond, Ind., now engaged in turning out turrets for Martin PBY bomber planes.

Mr. Cosgrove revealed plans for the expansion of the company's manufacturing facilities in Richmond, Ind., in preparation for the concentration of all Crosley Shelvador refrigerator production there.

"Originally, we had planned to spend about $1,750,000 to get the Richmond plant ready for refrigerator production but revised plans call for more than $2,000,000," he stated.

Plans are made, Mr. Cosgrove said, for large extensions on both the north and south sides of the present plant, with a new office building in front of the plant.

He pointed out that there is room for three more buildings on the Crosley property in Richmond and that plans are being considered for another building, 1900 feet in length.

Crosley's war production will taper off gradually, according to the present schedule, thus enabling the company to divert its efforts gradually, and not suddenly, from war to peacetime manufacture, Mr. Cosgrove added.

"In March, 1945, we turned out more than $11,000,000 worth of war goods and that promises to be our peak month," he said. "A few months ago, the products we turned out in March would have been valued at $15,000,000 but production efficiency has reduced costs to the Government so that we received only $11,000,000 for them."

Gradual cutbacks and termination of certain contracts will result in the tapering-off of the company's war production, month by month, until it is expected to be down to about $5,500,000 in December, 1945, Mr. Cosgrove said.—V. 161, p. 1314.

(The) Cross Co., Detroit—10-Cent Cash Dividend—

The directors on June 4 declared a cash dividend of 10 cents per share on the common stock, payable July 20 to holders of record June 30. A cash dividend of 5 cents per share was made on April 20, last. Distributions of 5% each in stock were made on Jan. 20, 1945, and on Oct. 20, 1944. No cash dividends were paid during 1944.—V. 160, p. 2644.

Curtis Manufacturing Co.—Renegotiation Proceedings

Walter C. Hecker, President, on May 31, stated: "Renegotiations with the War Contracts Price Adjustment Board of the Army Service Forces for the fiscal year ended Nov. 30, 1944 have been concluded.

"The Price Adjustment Board has determined that $248,958 (before deduction of income and excess profits tax) is refundable to the Government as excessive profits. After crediting $226,355 applicable Federal taxes thereon, $22,603 has been paid to the Government. This payment, plus a reduction of $21,498 in the 'Post War Refund' made a total of $44,101 as the cost of renegotiations for the year.

"This sum has been charged to the 'Reserve for Contingencies,' necessitating no change in net income for the year as previously reported." See also V. 161, p. 877.

Curtiss-Wright Corp.—New Secretary & Treasurer—

G. W. Vaughan, President, on May 31 announced the election of Miss Julia M. Scanlan, former Assistant Secretary, as Secretary of the corporation and its subsidiaries, Wright Aeronautical Corporation and the L. G. S. Spring Clutch Corp.

R. J. Lindquist, Vice President and Controller, received the additional title of Treasurer. Both succeed E. S. Cramer, who has resigned as Secretary and Treasurer.—V. 161, p. 460.

Davega Stores Corp.—To Retire Preferred Stock—Declares 30-Cent Common Dividend—

All of the outstanding shares of preferred stock have been called for redemption on July 9, next, at $26.25 per share and accrued dividends to such date, amounting to 34⅜ cents per share. Surrender of the preferred stock for the redemption price may be made at any time at the New York Trust Co., 100 Broadway, New York, N. Y.

The directors on June 6 declared a dividend of 30 cents per share on the common stock, par $5, payable June 30 to holders of record June 16. This compares with 20 cents paid on Jan. 3, last, and 30 cents on June 26, 1944.—V. 160, p. 2541.

Eastern Gas & Fuel Associates—Files Recapitalization Plan With SEC—

The company has filed a recapitalization plan with the SEC. The step followed acceptance by Koppers Co. of an SEC order directing it to dispose of its interest in Eastern Gas. Koppers Co. owns 13.4% of the 6% preferred and 78% of the common of Eastern Gas.

An important provision of the plan is the refunding of $25,000,000 first mortgage and collateral trust 4% bonds to take advantage of existing lower interest rates. It is proposed to proceed with the debt refunding program independently of other proposals of the plan.

Under the plan the company will issue approximately 2,202,090 shares of new common stock (par $10). The common will have exclusive voting rights in the election of trustees except where dividends on the prior preference stock are in default for four quarterly periods.

The outstanding 4½% prior preference stock will remain unchanged except for minor improvements of a protective character, including, in the event of default of four quarterly dividends, the right to elect a majority of the trustees.

The 6% preferred stock, on which $32.25 per share in dividends had accrued to Jan. 1, 1945, will receive approximately 85% of the new common stock, being exchanged at the rate of five shares of new common for each share of preferred.

Holders of the present common stock will receive about 15% of the new common or one-sixth of a share of new common for each present share.

By writing off intangible assets and making certain other adjustments, the consolidated balance sheet of the Associates and consolidated subsidiaries will be adjusted in the total amount of $46,179,228. As a result of this write-off, the present consolidated earned surplus will be eliminated and future dividends will be limited to the consolidated earned surplus accumulated after Dec. 31, 1944.—V. 161, p. 2442.

Investors Stock Fund, Inc.—Completes Share Registration—Early Offering Planned—

This corporation and Investors Selective Fund, Inc., two new open-end investment companies, have been registered with the Securities and Exchange Commission, effective May 19, 1945, and their respective shares will be offered publicly soon, Earl E. Crabb, President of both of these companies announced on June 1.

Investors Syndicate, which is principal underwriter, investment manager, and founder of these two new funds holds the same positions to Investors Mutual, Inc., a balanced fund, which, incorporated Jan. 18, 1940, with an original investment of $100,000, now has assets in excess of $60,000,000 owned by 35,000 shareholders.

Investors Stock Fund, Inc., will be invested chiefly in common and preferred shares, purchased for their appreciatiton, as well as income possibilities.

Investors Selective Fund, Inc., will be invested primarily in investment quality preferred stocks and bonds, purchased to provide reasonable income, combined with conservation of investment values.

Both of these new open-end investment companies were incorporated in Reno, Nevada, Feb. 10, 1945, with principal place of business at Minneapolis, Minn. Investors Syndicate, their organizer and promoter, owns their entire capital stock, which, for each company consists of 10,000 capital shares at $1 stated value. The organizer-promoter paid $10 each for such shares or $100,000 to each of these companies.—V. 161, p. 1204.

Lancaster Corp. (Del.)—Plan of Reorganization—

Holders of the 10-year 3½% bonds of this corporation, formerly Woods Bros. Corp., have been advised that Sept. 1 has been set as final date for acceptance of a proposed plan of recapitalization which provides for authorization of $1,500,000 of 5% debentures, due 1955, of which about $863,000 would be outstanding initially. Outstanding no par capital stock would be reclassified into 10-cent par common and the number of authorized shares would be increased to 300,000 from 70,000. Holders of each $1,000 bond would receive $700 of new debentures, $300 of certificates of indebtedness and 33 shares of new common stock. Holders of participating certificates would receive in exchange new common on a share-for-share basis.—V. 148, p. 884

LaSalle Extension University, Chicago — To Redeem 7% Preferred Stock—

All of the 2,546 outstanding shares of 7% preferred stock have been called for redemption on July 1, next, at 100 and dividends. Payment will be made at the office of the corporation, 417 So. Dearborn Street, Chicago 5, Ill. The original issue ($1,000,000) was sold to the public 20 years ago.

L. G. Elliott, President, May 31, said in part:

"The retirement of the preferred stock at this time does not require refinancing. Our cash receipts in excess of all costs have accumulated until our cash funds in excess of our operating needs have made it possible to retire the preferred without special provision of funds for the purpose.

"Our business has not been helped, but has been hindered by war conditions. It is reasonably expected that our greater success will *follow* the close of the war. But we have, by careful management, operated profitably during the war years and have grown in strength of resources an din other ways.

"It is planned to place the common stock on a satisfactory dividend basis just as soon as justified, and to maintain it regularly."—V. 161, p. 1319.

Masonic Temple, Providence, R. I.—Acquired by State

The unfinished Masonic Temple on Francis Street, Providence, R. I., was just recently purchased for $754,000 by the State of Rhode Island for an office building at exercises in the office of Gov. J. Howard McGrath. The State thus became the possessor of the structure which was started in 1926 but never completed.

The trustees of the Masonic Temple will distribute the proceeds of the sale to the bondholders.

May Department Stores Co.—Sales Rising—

Four Months Ended April 30—	1945	1944
Sales	$45,375,000	$39,600,000

Morton J. May, President, further announced to stockholders at their annual meeting held on June 5 that unaudited figures indicate that earnings kept pace with sales. He pointed out, however, that the fall season is normally the most profitable, and that business for the rest of the year is unpredictable.

Sales in May also were ahead of last year, Mr. May said, although the increase was less than in the earlier months. He blamed the declining rate of increase on poor weather.

Inventories are somewhat heavier than last year, according to Mr. May, although all cotton goods are very scarce.—V. 161, p. 2111.

Mercantile Properties, Inc.—Tenders Sought—

The Central Hanover Bank & Trust Co., trustee, 70 Broadway, New York, N. Y., will until 2 p. m. on June 15 receive bids for the sale to it of $45,000 secured sinking fund 4½% bonds due May 1, 1963, at prices not to xeceed 101 and interest.—V. 161, p. 10.

Nebraska Power Co.—Receives Payment of $553,000—

The Marine Midland Trust Co. of New York on June 1 made payment of $553,000 on the debt incurred in the purchase of Nebraska Power Co. by Omaha Electric Committee, Inc., on Dec. 26, 1944, according to T. H. Maenner, Chairman of the board of Nebraska Power Co., who also stated that as of June 1 the bank held an additional $150,000 reserved exclusively for the further debt retirement of the purchase cost. He added that the net current assets of Nebraska Power Co. on June 1 were about $300,000 more than on Dec. 26, 1944, when Omaha Electric Committee, Inc., purchased the property and began operation of Nebraska Power Co. for the account of its electric users.

The debt retirements to date, plus increases in assets of Nebraska Power Co., now aggregates more than $1,000,000.—V. 161, p. 2223.

Gas output for the June 1 week is reported at 116,187,000 cu. ft., an increase of 16,400,000 cu. ft., or 16.44% above production of 99,787,000 cu. ft. in the corresponding week a year ago

For the month ended May 31, 1945, the Association reports electric output of 55,210,782 kwh. This is an increase of 948,659 kwh., or 1.75% above production of 54,262,123 kwh. for the corresponding month a year ago.

Gas output in May, 1945 is reported as 532,521,000 cubic feet, an increase of 34,706,060 cubic feet, or 6.9% above production of 497,815,000 cubic feet in the corresponding month a year ago.—V. 161, p. 2450.

New England Power Association—SEC Tells Company Faults in Plan—Ratio of Senior Securities Too High—Limit of Debt Suggested—

The Securities and Exchange Commission, complying with a request from the company, set forth June 2 its tentative adverse conclusions on the simplification plan submitted by the company to comply with a Commission order of March 17, 1943.

The order directed NEPA and its subsidiary holding companies, Massachusetts Power & Light Associates, North Boston Lighting Properties, Massachusetts Utilities Associates common voting trust, Massachusetts Utilities Associates and The Rhode Island Public Service Co., to take such action as may be necessary to liquidate and dissolve Massachusetts Utilities Associates common voting trust and to eliminate the other designated companies as holding companies in the NEPA system.

The Statement of Tentative Conclusion of the SEC follows:

On March 6, 1944, NEPA and its subsidiary holding companies filed a plan of simplification to comply with our order of March 17, 1943, and the provisions of Section 11 (b) (2) of the Act. Public hearings were held on the plan beginning May 3, 1944 and continuing from time to time until August 17, 1944. Various interested security holders entered their appearances and participated in the hearings. Also, during the course of the hearings, a committee was formed by holders of the $2 cumulative preferred stock of Rhode Island Public Service Co. and has been active in the proceedings.

The proposed plan of simplification provides for the liquidation and dissolution of Massachusetts Utilities Associates common voting trust and for the substitution of a single holding company for NEPA and its other subsidiary holding companies. The reorganized holding company would acquire all of the assets of NEPA and its subholding companies, would assume all of their obligations, and would have a proposed capital structure consisting of funded debt, preferred shares and common shares in substitution for the 18 classes of securities of NEPA and its subholding companies now outstanding. Upon consummation of the plan, all of the operating utility companies now in the NEPA holding company system would, with one minor exception, be direct subsidiaries of the reorganized holding company. The presently outstanding funded debt of NEPA, North Boston Lighting Properties and Massachusetts Utilities Associates, totaling approximately $60,000,000 would be assumed by the reorganized holding company and would be retired at principal amount plus accrued interest out of the proceeds of the issue and sale by the reorganized holding company of $60,000,000 principal amount of funded debt. Preferred and common shares of the reorganized holding company would be issued in exchange for the publicly-held stocks of NEPA and its subsidiary holding companies, including the common stock of NEPA held by International Hydro-Electric System.

Because of the large number of classes of securities affected, the plan presents many difficult questions of fairness; the hearings have been long and the record complicated. To facilitate progress in the case, various discussions have been had between applicants and the staff of the Public Utilities Division. On May 28, 1945 applicants addressed a letter to the Commission stating that the staff had advised them that it would be obliged to oppose approval of the plan unless the amount of senior securities contemplated by the plan was substantially reduced. The letter also set forth that in the course of discussions with the staff, consideration had been given to the elimination of all preferred shares from the structure of the reorganized holding company. From their analysis of the possibilities of a capital structure revised along these lines, applicants express the view that if the preferred shares are to be eliminated entirely it would be appropriate, in the interest of facilitating a plan of reorganization that would be fair to all classes of security holders, to increase the amount of funded debt and have approximately $25,000,000 of cash for allocation, together with common shares, to the holders of certain classes of preferred shares now outstanding. This would involve the issuance by the reorganized holding company of approximately $85,000,000 of funded debt in addition to common shares.

Applicants state that the question of what constitutes a permissible capital structure is so fundamental that little further progress can be made in the case until this matter is determined. They urge that if, after further weeks or months of proceedings, the proposed structure should be disapproved, unnecessary expense will have been incurred, much valuable time will have been lost, and completion of the simplification program materially delayed. They state that a sound capital structure for the reorganized holding company which will permit equity financing is essential to meet post-war requirements, and that any serious delay in completing the simplification program might result in missing the present favorable market for debt financing and impair the progress of the system in the post-war period. Applicants ask us to give consideration to the peculiar problems of their situation and, without undertaking a final determination of any of the issues, to indicate our tentative conclusions as to the appropriateness of the capital structure of the reorganized holding company as proposed in the pending plan; if that capital structure appears objectionable under the standards of the Act, applicants ask that we indicate whether a structure consisting of approximately $85,000,000 of funded debt and the remainder in common shares would be within permissible limits.

After careful consideration, we are of the opinion that the carrying out of our order will be facilitated and the time and effort of all parties conserved if in compliance with the applicants' request, we state our tentative conclusions with respect to the structure of the reorganized holding company. Therefore, we express the following tentative views:

SEC Expresses Tentative Views—

As of March 1, 1944 the consolidated net plant and other net assets of the reorganized holding company and subsidiaries (excluding $49,800,000 representing excess of adjusted cost of investments over underlying net assets) amounted to approximately $292,500,000. The record also indicates that there were $17,270,470 of admitted inflationary items in the property accounts and that approximately $14,000,000 of additional inflationary items may later be found to exist. Further, the record raises some question as to the adequacy of the depreciation reserve of certain of the subsidiary companies. In addition to $60,000,000 principal amount of funded debt, the plan as filed contemplates that the reorganized holding company would issue 2,594,423 shares of $2 preferred stock with an aggregate par value of $71,346,633 or $27.50 per share. Thus, the aggregate principal amount and par value of the proposed senior securities is $131,346,633, which, when added to the approximately $103,850,000 of publicly-held senior securities of subsidiaries, would amount to approximately 90% of the foregoing consolidated net plant and other net assets of the reorganized holding company and subsidiaries adjusted for admitted and possible additional inflationary items. On the basis of average earnings for the seven-year period 1934 through 1941 (excluding the hurricane year of 1938), interest requirements on the proposed debt of the reorganized holding company and all prior charges including minority interests would have been earned 2.26 times and dividend requirements on the proposed preferred stock of the reorganized holding company and all such prior charges would have been earned 1.42 times. On the basis of the applicants' estimate of the normal post-war earnings, the interest requirements on the proposed debt of the reorganized holding company and all prior charges including minority interests would have been earned 2.44 times and dividend requirements on the proposed preferred stock of the reorganized holding company and all such prior charges would have been earned 1.48 times.

Taking into account the assets and earnings of the system, the structure of the underlying companies and other relevant factors and with particular reference to the relation of the proposed senior securities to adjusted net plant and other net assets, we tentatively conclude that the two classes of senior securities (funded debt and preferred stock) in the aggregate amounts proposed are repugnant to the applicable statutory standards.

We turn now to the request of the applicants that, if we feel the proposed structure is inappropriate, we indicate whether approximately $85,000,000 of funded debt with no preferred stock might be considered permissible. In the first place we believe that the issuance of some debt by the holding company in this instance is permissible in view of the fact that the total amount of senior securities of the operating companies is relatively small in comparison with most holding company systems and that a substantial portion of the companies in the NEPA system have no senior securities at all. In this respect the NEPA system may be distinguished from those holding company systems where all or substantially all of the operating companies have large amounts of debt and preferred stocks outstanding in the hands of the public, thereby making it inappropriate for the holding company to have any senior securities. If the reorganized holding company issued $85,00,000 of funded debt, the publicly-held senior securities of the reorganized holding company and its subsidiaries would amount to 72% of the consolidated net plant and other net assets of the reorganized holding company and subsidiaries adjusted for admitted and possible additional inflationary items. If it is arbitrarily assumed for purposes of calculation only that the proposed funded debt were sold on a 4% interest basis, the seven-year average earnings would have amounted to about 2.07 times the interest requirements of the reorganized holding company and all prior charges including minority interests. On the basis of applicants' estimate of the normal post-war earnings and assuming the same interest rate, interest requirements on the proposed debt of the reorganized holding company and all such prior charges would have been earned 2.22 times. In the light of these circumstances and other considerations, it is our tentative view that with a capital structure consisting solely of debt and common stock it would be within permissible limits for the reorganized holding company to have approximately $85,000,000 of funded debt, provided appropriate protective provisions were adopted, including an adequate sinking fund and effective restrictions with respect to dilution of the debt coverage.

We wish it clearly understood that in stating these tentative conclusions we are not expressing a final judgment on the matters referred to and we are not expressing any judgment, tentative or otherwise, on the problems of fairness, or on any aspect of the proposed plan. If applicants wish us to pass upon the present plan in its entirety, including the aspects tentatively considered above, we will give the plan consideration and endeavor to reach a prompt determination. On the other hand, if applicants wish to file an amended plan which proposes a capital structure for the reorganized holding company within the limits of the tentative conclusions expressed above, we shall direct that it be set down promptly for hearing. At the hearings on any amended plan and in further proceedings before the Commission all interested persons will have full opportunity to present their views and to urge, if they so desire, that the original plan, any particular features of it, or any other proposal which may be submitted, be adopted in the ultimate determination of an appropriate plan to meet our order of March 17, 1943.

Old Colony RR.—Hearing Set on Report of ICC—

A hearing has been set for July 2 by U. S. District Judge Carroll C. Hincks on the recent report of the Interstate Commerce Commission in which the ICC reapproved the purchase price it had set for the Old Colony RR. property.

Judge Hincks's hearing will deal with the question whether the Old Colony report should be approved. The hearing will give the Old Colony bondholders' protective committee another opportunity to present its case. The Commission not only refused to change the plan but declined also to hold hearings on the matter as sought by the Old Colony group.—V. 161, p. 2336.

Old Dominion Power Co.—Partial Redemption—

The company has called for redemption on July 2, 1945, a total of $62,000 of first mortgage 5% gold bonds, series A, due May 15, 1951, at 101 and interest. Payment will be made at the Continental Illinois National Bank & Trust Co., corporate trustee, 231 South La Salle Street, Chciago, Ill.—V. 160, p. 2407.

Olin Industries, Inc.—Pays 15c Common Dividend—

The company on May 29 paid to common stockholders of record May 22 a dividend of 15 cents per share, making a total of 30 cents paid so far this year on this class of stock.

The directors have declared a regular quarterly dividend of $1 per share on the 4% series A preferred stock, payable June 30 to holders of record June 11. This is for the second quarter of 1945.

This corporation was formed under the laws of the State of Delaware on Dec. 30, 1944 and operates the Western Cartridge Co. division at East Alton, the Winchester Repeating Arms Co. division at New Haven, Conn., and several other divisions and subsidiaries.—V. 161, p. 1776.

Plans to Retire 5.6% Pfd. Stock by New 4% Issue—

W. G. Maguire, Chairman of the board, in a letter mailed to stockholders on June 4 announced that the company had completed tentative arrangements to call its 5.60% cumulative preferred stock, subject to the approval of common shareholders, of an amendment to the certificate of incorporation at a special meeting to be held on July 6.

The amendment would authorize a new preferred stock to consist of 150,000 shares of $100 par value each. Proceeds from the sale of the new issue would be used to redeem the old preferred stock, which will require $14,387,220 plus accrued dividends. The company estimates that the proceeds from the sale of the new preferred stock will be at least $14,500,000 after deducting underwriting commissions and expenses.

The selling price, dividend rate and redemption price for the new preferred stock will not be determined until after the stockholders' meeting, but it is expected that the offering price will be not less than $100 a share and the dividend rate will not exceed $4 a share per annum.

The company has entered into negotiations for the sale of the new preferred stock, for cash to underwriters, soon after the proposed amendment becomes effective. The present preferred stock will be called for redemption immediately after the sale of the new perferred.

A registration statement for the new issue will be filed with the SEC, and application will be made for its listing on the New York Stock Exchange.—V. 161, p. 2451.

Paramount Building Corp. of Seattle—Tenders—

The National Rockland Bank of Boston, agent of the corporation, 30 Congress Street, Boston, Mass., will until the close of business on June 23 receive bids for the sale to it of 25-year 6% income debentures due Jan. 1, 1962, to an amount sufficient to exhaust the sum of approximately $75,000.

Notice of acceptance or rejection will be mailed on or before July 3, 1945, and accepted debentures must be delivered to the bank before Aug. 1, 1945.—V. 123, p. 2788.

Paramount Pictures, Inc.—Prepays $1,250,000 Debs.—

The executive committee of the board of directors on June 1 authorized the immediate prepayment of the money necessary to effect the present retirement at par of $1,250,000 of its outstanding 3% debentures due 1952 to 1958. This prepayment is in anticipation of future sinking fund obligations. Based on 1944 earnings the sinking fund paid May 15, 1945 was $475,000, and it is estimated that this prepayment will cover the sinking fund obligations payable in 1946, 1947 and a part of the obligation for 1948.—V. 161, p. 2113.

Penn Dairies, Inc.—Calls $100,000 of Bonds—

The corporation has called for redemption on July 1, next, $100,000 of the outstanding first mortgage sinking fund 6% gold bonds due Jan. 1, 1949, at 105 and interest. Payment will be made at The First National Bank of York, successor trustee, York, Pa.—V. 161, p. 884.

(J. C.) Penney Co.—Purchases N. Y. City Block—

Company on May 31 announced its purchase of the old Siegel-Cooper department store property occupying the block front on the east side of Sixth Avenue, from 18th to 19th Streets, in New York City. The purchase was for the purpose of expanding the company's warehouse, office and distributing facilities in what was described as the first step in an extensive program for post-war expansion.—V. 161, p. 2225.

Pennsylvania-Central Airlines Corp.—New Service—

PCA will officially inaugurate service to and from New York City on July 2, it is announced by J. J. O'Donovan, Vice-President. PCA schedules from the South and Mid-west will converge at Pittsburgh and from that point Capitaliners will fly non-stop to and from La Guardia Field.

While PCA has been one of commercial aviation's outstanding pioneers, being the second oldest airline in America, this will mark the first time that the airline's ships will fly into the world's largest city on regular schedule, Mr. O'Donovan states. Permission to extend the company's system into New York was granted by the Civil Aeronautics Board late in 1944. PCA now has a fleet of 20 transport planes in operation over 3,285 route miles, extending through 12 States east of the Mississippi and covering many of the industrial capitals of southern and eastern United States.—V. 161, p. 2451.

Pennsylvania, Ohio & Detroit RR. Co.—Calls Bonds—

The company has called for redemption on July 1, next, $277,000 of first and ref. mortgage 3¾% bonds, series D, due July 1, 1968, at 103 and interest. Payment will be made at the Gerard Trust Co., trustee, Philadelphia, Pa.—V. 159, p. 2308.

Pennsylvania RR.—Court Denies Intervention in Pennroad Case—

The U. S. Circuit Court of Appeals has refused to allow two Pennsylvania RR. stockholders who filed suit in the Federal District Court at Philadelphia, April 20, to stop the company from paying $15,000,000 in settlement of all claims against it by Pennroad Corp., and to intervene in the Overfield-Weigle suits in which Pennroad was awarded $22,104,515 in January, 1943.

The real purpose of the intervention was to ask the Circuit Court later to carry out its decision of last Dec. 28, setting aside the judgment and dismissing the claims of Pennroad stockholders on the ground they had been filed too late in the Federal Court, and if this was done, Archibald Palmer, counsel for the two stockholders, intended to use the dismissal as an argument before the Chancery Court in Delaware, where the $15,000,000 settlement is under consideration, and claim that the Chancery Court could not approve the payment by Pennsylvania RR. of any amount because the Circuit Court had ruled Pennsylvania was not liable.

The Circuit Court has withheld its mandate to the District Court of Philadelphia, dismissing the case, ostensibly to allow both Pennroad and Pennsylvania to file petitions for reconsideration of its decision, but in reality to await the outcome of the settlement hearings in the Chancery Court. Both sides were recently given another extension to July 8, to prsent petitions for rehearing, thus keeping the case in the Circuit Court open.

Tenders Sought—

The Girard Trust Co., trustee, Philadelphia, Pa., will until 11 a.m. (E.W.T.), June 30, 1945, receive bids for the sale to it as of July 1, 1945, of general mortgage 4¼% bonds, series E, due July 1, 1984, to an amount sufficient to exhaust the sum of $250,370, at prices not to exceed 100 (exclusive of accrued interest).—V. 161, p. 2451.

FRIDAY - WEEKLY - YEARLY

NOTICE—Prices are "and interest"—except for income and defaulted bonds. Cash and deferred delivery sales are disregarded in the week's range, unless they are the only transactions of the week, and when outside of the regular weekly range are shown in a footnote in the week in which they occur. No account is taken of such sales in computing the range for the year.

The *italic* letters in the column headed "Interest Period" indicate in each case the month when the bonds mature.

NEW YORK CURB EXCHANGE

WEEKLY AND YEARLY RECORD

NOTICE—Cash and deferred delivery sales are disregarded in the week's range unless they are the only transactions of the week, and when selling outside the regular weekly range are shown in a footnote in the week in which they occur. No account is taken of such sales in computing the range for the year.

In the following extensive list we furnish a complete record of the transactions on the New York Curb Exchange for the week beginning on Saturday, June 2, and ending the present Friday (June 8, 1945). It is compiled entirely from the daily reports of the Curb Exchange itself, and is intended to include every security, whether stock or bond, in which any dealings have occurred during the current year.

THE COURSE OF BANK CLEARINGS

Bank clearings this week will show an increase compared with a year ago. Preliminary figures compiled by us, based upon telegraphic advices from the chief cities of the country, indicate that for the week ended Saturday, June 9, clearings for all cities of the United States from which it is possible to obtain weekly clearings will be 23.3% above those for the corresponding week last year. Our preliminary total stands at $11,138,248,196, against $9,034,885,818 for the same week in 1944. At this center there is a gain for the week ended Friday of 34.7%. Our comparative summary for the week follows:

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, in as much as the week ends Saturday and the Saturday figures are not available at time of going to press. Accordingly, in the above the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below, we are able to give the final and complete results for the week previous—the week ended June 2. For that week there was an increase of 23.2%, the aggregate of clearings for the whole country having amounted to $9,812,294,244, against $7,966,121,440 in the same week in 1944. Outside of this city there was a gain of 17.2%, the bank clearings at this center having recorded an increase of 28.5%. We group the cities according to the Federal Reserve Districts in which they are located and from this it appears that in the New York District (including this city) the totals show an expansion of 28.7%, in the Boston Reserve District of 20.8% and in the Philadelphia Reserve District of 14.5%. In the Cleveland Reserve District the totals are larger by 13.6%, in the Richmond Reserve District by 19.2% and in the Atlanta Reserve District by 12.5%. The Chicago Reserve District records an improvement of 17.0%, the St. Louis Reserve District of 19.1% and the Minneapolis Reserve District of 20.7%. In the Kansas City Reserve District the increase is 10.2%, in the Dallas Reserve District 39.1%, and in the San Francisco Reserve District 15.3%.

In the following we furnish a summary by Federal Reserve Districts:

DIVIDENDS

Dividends are grouped in two separate tables. In the first we bring together all the dividends announced the current week. Then we follow with a second table in which we show the dividends previously announced, but which have not yet been paid. Further details and record of past dividend payments in many cases are given under the company name in our "General Corporation and Investment News Department" in the week when declared.

The dividends announced this week are:

minority security holders in the reorganization of the company and from the granting by Judge Kirkpatrick of fees totaling $729,001 to a score of lawyers and reorganization experts for their services. Mr. Palmer had asked for a fee of $75,000 and the SEC recommended $20,000.

Mr. Palmer announced June 4 that he would ask the U. S. Supreme Court for a writ of certiorari on the Third Circuit Court of Appeals' rejection of his petitions for review of fee allowances.—V. 161, p. 2225.

Pioneer Petroleum Co.—Recapitalization—

The stockholders have authorized the readjustment of the capital structure of the company (a) by reducing the outstanding common shares from 352,058 to about 35,205, on the basis of one share for ten, and reducing the par value from $1 to 25 cents; and (b) by authorizing the issue of a new class of prior preferred stock of $1 par value to be exchanged share for share for the present preferred stock of $5 par value and all accumulated dividend and other rights thereof.

The company states it is anticipated that the balance of the collateral notes will be retired July 1, and that the new prior preferred stock will be placed on a dividend basis during the next 12 months.

Pittsburgh Coal Co.—Protective Committee Organized

A tentative Preferred Stockholders Protective Committee has been formed for the protection of the rights of preferred stockholders of the company in relation to the plan of merger with Consolidation Coal Co. The present purpose of the committee is to bring about the defeat or abandonment of said plan as being unfair and inequitable to the preferred stockholders of Pittsburgh Coal Co.

The committee is comprised of James L. Carey and Benjamin Roth, with Franklin Schwoerer, 25 Broad Street, New York 4, N. Y., as Secretary.—V. 161, 2337.

Reed-Prentice Corp.—Plans to Retire Preferred Stock and Split-Up Common Shares—

It is understood that this corporation is to call all of its outstanding preferred stock for redemption on or about July 9, 1945, at $55 a share plus accumulated and unpaid dividends, according to action taken by its board of directors on June 1.

It is also understood that the board voted to submit to the stockholders for action by them a plan to increase the capital of the company represented by the outstanding common stock to approximately $600,000 by transfers from the company's surplus accounts and to change the present common stock which is without par value into common stock with a par value of $5 a share and to do this by issuing in exchange for each share of the present common stock three shares of common stock having a par value of $5 a share. A stockholders' meeting is to be called to act on this proposed recapitalization. ("Boston News Bureau.")—V. 159, p. 1485.

Reeves-Ely Laboratories, Inc.—Transfer Agent—

The Marine Midland Trust Co. of New York has been appointed transfer agent of common and preferred stocks.—V. 161, p. 2338.

(R. J.) Reynolds Tobacco Co.—Plans New Preferred Stock Issue—

Holders of the common and new common "B" stocks will be offered rights to subscribe to the $49,000,000 of new preferred stock the company plans to issue, according to a proxy statement mailed to stockholders.

Authorization for $75,000,000 of new preferred stock will be sought at the special stockholders' meeting, on June 26. If approved, directors intend to issue 490,000 of the 750,000 shares ($100 par) as an initial series, according to the proxy statement, at an interest rate of not more than 3¾%. The directors have no present intention to issue more than the 490,000 shares.

The basis of subscriptions would be one share of the new preferred at not less than $100 for each 20 shares of common or common "B" held.

Negotiations, it is understood, have been carried on with Dillon, Read & Co., Inc., and Reynolds & Co. to head a list of underwriters to handle the shares not subscribed for by stockholders.

The addition of $49,000,000 to the company's funds would reduce the amount of borrowing from banks for leaf tobacco purchases. However, the statement continues, "it is contemplated the company will continue to supplement its working capital by bank borrowings."—V. 161, p. 467.

Riverside (N. J.) Metals Co.—New Vice Presidents—

Horace J. Harvey and Victor Ritschard have been elected Vice Presidents.—V. 160, p. 1442.

Roberts & Oak, Inc.—Tenders Sought—

The First National Bank of Chicago, trustee, 33 South Clark Street, Chicago, Ill., will until 3 p. m. on July 2 receive bids for the sale to it of first mortgage sinking fund 6% bonds due May 1, 1954, to an amount sufficient to exhaust the sum of $13,548, at prices not to exceed par and interest.—V. 161, p. 246.

Rochester Gas & Electric Corp.—Hearing June 13—

The SEC will hold a hearing on June 13 on the proposal of the corporation to reclassify its outstanding preferred stock and to retire 40,000 shares of its preferred. The company proposes to reclassify its outstanding preferred stock, consisting of 120,000 shares of 6% series D and 40,000 shares of 5% series E stock, into 4% preferred, series F, which will be redeemable at $105 plus accrued dividends. The proposed program is contingent upon its approval by at least two-thirds of the outstanding preferred and common stocks.—V. 161, p. 2488.

San Antonio Transit Co.—$5 Dividend—

The directors have voted a cash dividend of $5 per share on the capital stock, payable July 15 to participation certificate holders of record July 1, 1945.

Officers of the company were reelected, including D. Gordon Rupe, Jr., of Dallas Rupe & Son, Dallas, Texas, as President.—V. 160, p. 51.

Schenley Distillers Corp.—Partial Redemption—

The corporation has called for redemption on June 30, next, 10,000 shares of its outstanding 5½% cumulative preferred stock at $105 per share and dividends. Payment will be made at the Bankers Trust Co., 16 Wall Street, New York, N. Y.

Two New Vice-Presidents Elected—

B. C. Ohlandt and Walter T. Palmer have been elected Vice Presidents.

Mr. Palmer, who joined the Schenley organization in 1942, has been serving as administrative coordinator.

Mr. Ohlandt, former President of the Grocery Store Products Co., and subsidiaries, joined the Schenley corporation's executive staff last November.—V. 161, p. 2115.

(E. H.) Scott Radio Laboratories, Inc.—To Sell Through Dealers—

The corporation on June 6 announced a radical departure from its previous distribution methods which will involve selling through dealers in 90 metropolitan markets rather than through company owned and operated studios in a few cities as was true in the pre-war period. Franchises have already been granted in about 85% of these major markets, E. J. Halter, President, said, and completion of the dealer organization is expected soon. More than a dozen are well known department stores and others will be leading music houses and home furnishing companies. Scott will continue to operate demonstration studios in New York and Chicago primarily as training schools for dealers and representatives.

The company expected to resume peacetime production at about pre-war price levels, Mr. Halter said.—V. 161, p. 1583.

Selected American Shares, Inc.—19-Cent Dividend—

The directors on June 1 declared a dividend of 19 cents per share on the capital stock, payable June 30 to holders of record June 20. Payments in 1944 were as follows: June 30, 19 cents, and Dec. 27, 26 cents, plus a special of 15 cents. It was announced that the corporation has made uninterrupted dividend payments for more than 12 consecutive years.

According to Edward P. Rubin, President, realized capital gains so far this year amount to approximately $170,000, and unrealized capital gains are about $2,600,000, but no capital gains dividends will be considered until the end of the year.—V. 161, p. 772.

Sinclair Refining Co.—100-Octane Output—

The company on June 6 reported production of the four-millionth barrel of 100-octane aviation gasoline at its Houston (Tex.) refinery. On May 25 the company's refinery at Corpus Christi (Tex.) produced its two-millionth barrel. Both plants have exceeded governmental contract requirements, Houston by 20% and Corpus Christi by 10%.—V. 160, p. 2335.

Sloman-Polk Co., Detroit, Mich.—Partial Redemption

There have been called for redemption on July 1, next, $10,600 of the outstanding first mortgage 3% bonds dated April 1, 1932, at 100, plus 8% deferred interest applicable thereto, plus accrued interest at the rate of 3% per annum from April 1, 1945, to July 1, 1945. Payment will be made at the Detroit Trust Co., trustee, 201 West Fort Street, Detroit, Mich.

Socony-Vacuum Oil Co., Inc.—Earnings—

Quarter Ended March 31—	1945	1944
Net earnings (est.) after all charges and taxes	$11,000,000	$16,000,000

B. Brewster Jennings, President, explained that earnings before taxes were around $22,000,000, or about the same as in the first quarter of 1944. Domestic and export sales of all products were about 7% greater than in the first three months of last year. The company's net production of crude oil in the United States averaged 173,000 barrels daily, an increase of 5%, and that crude oil processed in the company's refineries averaged 386,000 barrels daily, against 370,000.

Mr. Jennings predicted that in the immediate post-war period there will be a decline in demand for oil products, particularly gasoline, but after five years, he said, economists expect a substantial expansion in the consumption of oil products.

"The foreign demand for oil products in the immediate post-war period," he continued, "is likely to be substantially less than prewar in view of the great structural damage in Europe, the generally unfavorable economic condition there, and the possibility of continuing political unrest."—V. 161, p. 2489.

Southam Co., Ltd.—Common Shares Offered—Public offering of 125,00 (no par) common shares was recently made in the Canadian market by A. E. Ames & Co., Ltd. at $13 per share.

The prospectus issued in conjunction with the offering states that the capitalization of the company, after giving effect to the redemption of $2,070,000 5% perpetual redeemable debentures which have been called for redemption on June 30, 1945, will consist of $4,830,000 in 5% perpetual redeemable debentures and 750,000 common shares (no par).

The company's profit and loss account for 1944 shows net profit, after provision for depreciation, income and excess profits taxes and interest on debentures, at $619,542, equivalent to 82 cents per common share. On the same basis, the company earned $156,386 for the three months ended March 31, 1945, equivalent to 20 cents per share, exclusive of the refundable portion of the excess profits tax. The refundable tax for 1944 dorked out at an additional 30 cents per common share and for the first quarter of 1945 at 6 cents per common share.

The business of the company was originally established in 1877. Company is the publisher of "The Hamilton Spectator," "The Ottawa Citizen," "The Calgary Herald," "The Edmonton Journal," "The Winnipeg Tribune" and "The Vancouver Daily Province." It also operates as commercial printing establishments, Southam Press Toronto and Southam Press Montreal, both of which have been in business for over 55 years.

Southern Union Gas Co.—To Sell Units—

As a step is further compliance with an order issued by the SEC on Sept. 19, 1942, the company has filed with the Commission a proposal to divest itself of all interest in its gas and water properties in Oklahoma. The application will be considered by the SEC on June 15.

If the proposal is approved, company will sell its natural gas distribution system in Kingfisher County, Okla., to E. R. Pahan of Fort Worth, Tex., and members of his family for $237,000, and will sell its water distribution system to Frank O'Neil, a resident of Cook County, Ill., for $70,000.

The proceeds, it was stated, would be applied to the retirement of the company's 3¾% first mortgage bonds due in 1962.—V. 161, p. 2116.

Sperry Corp.—Arranges New "V-Loan"—

A new Regulation V credit for $75,000,000 at 2½% interest on borrowings and running to Dec. 31, 1947, has been arranged by this corporation with a group of 55 banks throughout the country, headed by the Bankers Trust Co. of New York.

The new agreement replaces the credit arranged in 1943, which was for $125,000,000 at 2¾% and running to Dec. 31, 1946. The company's decision to reduce the amount of the credit is based on material reductions in its need for outside funds as a result of a reduced volume of war business, improved operating efficiencies and close control of commitments and inventories, according to Thomas A. Morgan, President. Another important factor, Mr. Morgan said, was the speeding up of settlements of terminated war contracts.

The Bankers Trust Co. of New York has been reappointed as agent for the participating banks. Other New York banks participating are Bank of the Manhattan Co., Bank of New York, the Chase National Bank of the City of New York, the Commercial National Bank & Trust Co. of New York, the Continental Bank & Trust Co. of New York, Guaranty Trust Co. of New York, the New York Trust Co., United States Trust Co. of New York, and the Brooklyn Trust Co.—V. 161, p. 247.

(E. R.) Squibb & Sons—Registers New $4 Preferred Stock With SEC—To Call Old Preferred Stocks—

The company on June 5 filed with the SEC a registration statement covering 150,000 shares of new $4 cumulative preferred stock. An offer will be made to holders of the company's outstanding $5 series A and $4.25 series B preferred stocks to exchange the new stock

for their holdings on a share for share basis, with a cash dividend adjustment of 20¢ per share of $5 series A preferred stock and 5¢ per share of $4.25 series B stock. The outstanding shares of each issue not presented for exchange will be called for redemption on August 1 at $107.50 per share.

Of the new issue, 51,094 shares will be publicly offered when the registration statement becomes effective. The remaining 98,906 shares will be offered to the present preferred stockholders and the unexchanged shares may also be publicly offered.

A special meeting of the common stockholders is being called for June 25 to authorize the issuance of the new preferred stock. It is expected that the exchange offer will be made to the holders of the outstanding preferred stocks about July 2. The exchange offer will expire July 12. The public offering of the 51,094 shares of $4 preferred stock not required for exchanges will probably be made July 2.

Union Securities Corp. and Harriman Ripley & Co., are to head a banking group which will underwrite the exchange offer and purchase the additional shares of new $4 preferred stock for public offering. The price at which the new stock will be offered is to be determined later.

The major part of the proceeds from the sale of the unexchanged new preferred stock will be used by Squibb as additional capital to assist in carrying increased inventories and receivables, for the construction of additional manufacturing and warehousing facilities, and for other purposes incident to the increased volume of business being done and projected in the future.—V. 161, p. 2489.

Standard Bleachery & Printing Co.—Partial Redemption—

The company has called for redemption on July 1, next, $6,900 of 15-year 5½% mortgage bonds, series A, due Jan. 1, 1946, at 100 and interest. Payment will be made at the Bank of the Manhattan Co., successor trustee, 40 Wall Street, New York, N. Y.—V. 160, p. 2654.

Standard Oil Co. (New Jersey)—Earnings Maintained

A preliminary estimate indicates that earnings for the first half of this year will be about the same as during the last half of 1944, and thus will reach a little over $80,000,000, R. W. Gallagher, Chairman, said at the annual stockholders' meeting, held on June 5.

"Looking to the present state of our business and its prospects," Mr. Gallagher said, "I should repeat that the first and by far the most important observation is that all our Western Hemisphere plants and facilities still are operating substantially at or above the maximum level which was achieved last year. There is no present indication that there will be any considerable lessening in our production of supplies for war before the latter part of this year, if then."

He emphasized that in the company's current high production for war "we are drawing heavily upon crude oil reserves accumulated in pre-war years. Our costs of finding oil then were much lower, it now appears, than they will be in the future. The earnings we are showing, therefore, might be deceptive, since they cannot reflect the probably higher future costs of replacing our crude reserves. Moreover, with equipment operating at capacity, it is natural that our efficiency is high and our unit processing and handling costs correspondingly low." As a result of these factors, as well as the large volume of business, our earnings, as is well shown in the financial results for last year, have been at a record high and should remain so during the period of peak productivity.

"Current earnings cannot all reach to the stockholders, of course, because of current high normal and excess profits taxes, of new capital requirements and the necessity of capital reserves to be set aside for future developments. Also, many of our Government contracts are still subject to renegotiation, which may play a significant part in our earnings picture.

"The combination of these many factors makes it more than ordinarily difficult to estimate current earnings. Moreover, our operation are so widespread that it is almost impossible to establish currently, with any accuracy, the situation in our world-wide business.

"For a matter of at least a few years we will have some surplus of refining and producing capacity, as will probably be the case generally in the industry. We now plan to use this excess refining capacity in providing new and higher quality products.

"The great bulk of our new facilities for increased war production has been financed by our own resources, and most of this can be quickly and effectively converted to peace-time uses."

In connection with the company's investment abroad, Mr. Gallagher said: "Taken as a whole, it would appear at this time that our properties in Europe can be restored to operation. The financial reserves we have set aside for the reconstruction of our properties in the European area seem adequate.

"We have no information at all regarding the condition of the large refinery at Palembang, Sumatra, in which we have a 50% interest and which was very largely destroyed by our personnel as they were driven out by the advancing Jap army.

"We are working and cooperating with the appropriate departments of Government in reestablishing our properties and business in foreign lands as peaceful pursuits are resumed. As you may well imagine, though, we, like many other business concerns, face many problems in resuming our foreign trade. The answer to many of these problems will depend upon political and economic developments during the reconstruction period."—V. 161, p. 2489.

Sterling Drug, Inc.—Registers With SEC—

The company has filed with the SEC a registration statement covering the proposed sale of 125,000 shares of 3½% cumulative preferred stock ($100 par). Eastman, Dillon & Co. was named as the principal underwriter.

Proceeds will be used to retire bank loans of $9,500,000 which were incurred in connection with the recent acquisition from General Aniline and Film Corp. of the class B common stock of Winthrop Chemical Co., and for additional working capital, a substantial portion of which is to be used for expansion of plant and equipment. The company now owns all of the capital stock of Winthrop Chemical.

Giving effect to this financing and the proposed two-for-one split-up of the common stock and certain other changes, the company will have outstanding a $700,000 first mortgage on land, buildings and equipment; 125,000 shares of 3½% cumulative preferred stock ($100 par) and 3,749,526 shares of common stock.—V. 161, p. 2228.

Toledo, Peoria & Western RR.—Road to be Returned—

Federal Judge Walter J. La Buy at Chicago on June 1 invited attorneys for the company and the Government to a conference to determine how and when the road should be returned to its owners. No date was set for the conference.

The Court ruled on May 19 that the Office of Defense Transportation, which took over operation of the railroad on March 21, 1942, had illegal possession of the line.

Judge La Buy suggested a conference after United States Attorney Howard Doyle of Springfield, Ill., told him that George P. McNear, Jr., President of the road, might not accept a return of the properties in the present circumstances. Mr. Doyle told the Court the Government did not want to keep the line indefinitely.—V. 161, p. 2490.

Union Electric Co. of Missouri—Listing of Preferred

The New York Stock Exchange has authorized the listing upon notice of issuance, up to 82,650 additional shares of preferred stock, $4.50 series (no par), increasing the total of such stock applied for, from 150,000 shares to a maximum of 232,650 shares.

The additional shares of preferred stock are to be issued in connection with a merger of Mississippi River Power Co. (a subsidiary) into the company approved by stockholders May 25, 1945, and to be submitted for approval of stockholders of Mississippi River Power Co. at a meeting to be held on May 29, 1945. Mississippi River Power Co. is one of the three electric utility subsidiaries of the company and owns and operates the Keokuk hydroelectric plant located in the Mississippi River, approximately 144 miles north of St. Louis, Mo., and transmission lines located in Illinois, Iowa and Missouri. It transmits and sells energy to the company and to the other two electric subsidiaries of the company as well as to certain other utility companies and industrial customers, but it does not distribute electric energy at retail. The proposed merger of Mississippi River Power Co. into the company is part of a plan whereby the company will acquire certain Missouri properties of Mississippi River Power Co., and the remaining electric properties of Mississippi River Power Co. will be combined with those of the two other electric utility subsidiaries of the company. Thereafter the company will own all of the electric properties in its system located in Missouri and will conduct the electric operations in that state, and all of the electric utility properties in its system located in Illinois and Iowa will be owned by one wholly owned subsidiary of the company which will conduct the electric utility operations in those two states. The purpose of the plan, of which the proposed merger is a part, is to simplify the structure of the holding company system of the company thus effecting certain tax economies as well as other economies and reducing the annual fixed charges of the system.

Mississippi River Power Co. has outstanding 82,344¾ shares of preferred stock and 160,000 shares of common stock, of which the company owns 159,592 shares of common stock. In the merger of Mississippi River Power Co. into the company, each share of such preferred stock, other than those which may be acquired by the company pursuant to an offer to purchase such stock for $115 per share during a period ending May 24, 1945, will be converted into one share of preferred stock, $4.50 series, of the company and each share of the 408 shares of common stock of Mississippi River Power Co. held by others than the company, will be converted into three-fourths of a share of preferred stock, $4.50 series, of the company. Holders of such shares of preferred stock of Mississippi River Power Co. so converted will also be entitled to receive $2 per share in cash. No certificates for fractional shares will be issued, but in lieu thereof, fractional scrip will be issued, which during a period of one year will be exchangeable in combination with other similar scrip for the number of full shares of preferred stock, $4.50 series, called for thereby. After the expiration of such one-year period, the company will pay and discharge any unexchanged scrip by payment in cash on the basis of the average closing prices of the preferred stock, $4.50 series, on the New York Stock Exchange during a five-day period immediately following the expiration date, provided that, if any such scrip is not surrendered within seven years after the date of issue of such scrip, the holder thereof shall be conclusively presumed to have released and abandoned any and all claims thereunder.—V. 161, p. 2376.

United States Lines Co. (N. J.)—Annual Meeting—

Basil Harris, President, at the annual meeting held June 5 stated that the company's holdings of 52,000 shares of Pan-American Airways seems to look like " a good investment."

Asked by a stockholder if it would not be "good business" to pay off the outstanding preferred shares, Mr. Harris replied that the board had given "a lot of thought" to this proposal but felt it would be "a good idea" to wait until the present bank loan—now totaling $1,750,000—is repaid.

"Personally," Mr. Harris said, "I would like to see the preferred paid off."

The stockholders approved extension of the company's stock purchase program for officers and employees. Of the 125,000 shares originally authorized for allotment, 28,750 remain unallocated.

After the meeting Mr. Harris said that earnings thus far this year were comparable with those of last year. He declared nothing further had developed in connection with the German liner Europa which he had previously said he would like to operate in transatlantic service.—V. 161, p. 507.

United States Plywood Corp.—New Director—

Lloyd S. Gilmour, partner in the New York Stock Exchange firm of Eastman, Dillon & Co., has been elected a director to fill a vacancy caused by the resignation of Clay Brown.

Edward J. Maroney, Sales Manager, has been re-elected a director of the company. He recently returned after a leave of absence during which he served as a lieutenant in the United States Navy.

New Common Stock Placed on 80-Cent Annual Dividend Basis—

The directors on June 5 declared a quarterly dividend of 20 cents per share on the new common stock (outstanding following two-for-one stock split-up), payable July 20 to holders of record July 10. This is equivalent to $1.60 per share per annum on the old common stock outstanding prior to the stock split-up which had been receiving dividends totaling $1.20 per share each year since 1940.—V. 161, p. 2490.

United States Sugar Corp.—RFC Loan—

An Associated Press dispatch from Washington (D. C.) on June 3, said:

The Reconstruction Finance Corporation has approved a $7,500,000 loan to this corporation for a starch plant at Clewiston, Fla., according to Senator Pepper of Florida. He said the plant, now nearing completion, probably will begin operations early in July. It is expected to employ 2,500 persons.

The new development covers some 18,000 acres. On it the company proposes to produce starch from sweet potatoes grown in the Florida Everglades. The starch is used in making textiles.—V. 161, p. 1813.

Utah Oil Refining Co.—Registers With SEC

The company on May 28 filed a registration statement with the SEC for 198,828 shares of common stock (par $5). The company is offering its stockholders the right to subscribe to one new share at $9 per share for each six shares owned. Standard Oil of Indiana, the holder of 75.2% of Utah's outstanding common stock, will subscribe to 149,523 5/6 shares of the new stock. The proceeds from the sale of the stock, estimated at $1,789,452 together with proceeds from a $3,200,000 bank loan, will be used to construct a 10-inch crude oil pipe line from Rangely oil field, Rio Blanco County, Colo., to Wamsutter Station, Wyo. The pipe line is estimated to cost $4,500,000.

Virginia-Carolina Chemical Co.—Acquisition—

The company on June 4 announced that it has purchased for cash the outstanding capital stock and debentures of the Phosphate Mining Co. at a cost of $2,845,068 from working capital, of which $2,000,000 will be restored through five-year 2½% bank loans. The Phosphate Mining Co. operates in Florida.—V. 160, p. 1673.

Wachusett Electric Co.—To Merge Companies—

The SEC has approved the proposal of the company to issue 3,700 shares of additional stock, $100, to acquire all the capital stock of Leominster Electric Light & Power Co., and Middlesex County Electric Co. The stocks of all three companies are owned by Massachusetts Utilities Associates, a subsidiary holding company of New England Power Associattion. The exchange would be on the basis of one share of Wachusett for each share of Leominster and one share of Wachusett for each four shares of Middlesex County Electric Co. The two companies then will be merged into Wachusett.—V. 161, p. 1030.

Western Union Telegraph Co.—Hearing Resumed—

Testimony on accounting methods of the company was given May 31 at the reopening of the P. S. Commission proceeding on a proposed new $25,000,000 bond issue by the company in which the jurisdiction of the Commission was questioned.

The proposed bond issue was planned to provide funds for the redemption of a like amount of bonds due in 1951. The company contended that the proceeds of the outstanding issue were used for purposes outside this state and since the new issue is to refund the earlier one Commission approval was not necessary.

The Commission, however, initiated a proceeding to determine the question of jurisdiction and the company was called upon to support its position by proof. Hearings were held and Chairman Milo R. Malbie finally ruled that Western Union "had failed" to furnish proof that its proposed issue was exempt from Commission jurisdiction.—V. 161, p. 2378.

Results of 1944 Renegotiation

The company has reached a renegotiation settlement with the Navy Price Adjustment Board for the year 1944, under which it will refund $5,200,964 to the Government in addition to the accrual for this liability shown in the annual report to the stockholders. The financial statement shown below is a comparison of the income statement after renegotiation with that given in the annual report to the stockholders and includes not only final renegotiation results, but also final results with regard to Government contracts terminated in the year.

In pursuant of the statement in the annual report, and as authorized by the by-laws and approved by the committee of the board of directors, an amount of $1,227,428, included in expenses in 1944, was paid to 2,308 keymen and executives as additional incentive compensation for efficient and profitable management.

Listing of Additional Common Stock—Acquisition—

The New York Stock Exchange has authorized the listing of 35,130 shares of common stock (par $12.50) upon official notice of issuance, in connection with the acquisition of certain assets of Ken-Rad Tube & Lamp Corp., making the total number of shares of new common stock applied for to date 12,566,394.

The directors April 25, 1945 (1) approved a memorandum of agreement, dated April 7, 1945, between the company and Ken-Rad Tube & Lamp Corp. (Del.), providing for the acquisition by the company of all the assets, property, business and good-will of Ken-Rad relating to its lamp business (exclusive of cash and accounts receivable), free and clear of liabilities (other than certain obligations and liabilities accruing after the closing date), in exchange for 35,130 shares of new common stock (with certain cash adjustments in case the inventories on the closing date should be greater or less than $190,000), (2) authorized issuance of 35,130 shares of new common stock, and the increase in the outstanding capital stock of the company from $160,639,500 to not to exceed $161,078,625 par value, by virtue of the issuance of such shares, and (3) determined that the 35,130 shares of new common stock should be deemed to be issued at a price of $31.31¼ per share, being one-quarter of the market value at the close of business on April 5, 1945, as determined by the board of directors, of the common stock of (par $50), each share of which was subsequently reclassified into four shares of new common stock) of which $12.50 should be capital and the balance should be surplus.

The property of Ken-Rad to be acquired consists of a lamp plant, located in Owensboro, Ky. These assets had a book value of $412,000 as of Nov. 30, 1944, and were appraised at $650,000 as of Feb. 3, 1944. Ken-Rad has been engaged in the lamp business for more than 25 years, and has reached a market not reached by the company, and the company believes that, through expansion, the business to be acquired could be substantially increased.—V. 161, p. 2378.

Wheeling Steel Corp.—New Individual Trustee—

Richard H. West of New York, N. Y., has been appointed individual trustee for the first mortgage sinking fund 3¼% bonds, series C, due March 1, 1970, to succeed Frederick G. Herbst, who died on April 12, 1945. Mr. West is a Vice-President of the Irving Trust Co., the corporate trustee under the indenture covering the same issue.—V. 161, p. 2270.

Williams Oil-O-Matic Heating Corp.—Removed From Curb List—

The common stock was removed June 5 from trading on the New York Curb Exchange because of a merger of the company with Eureka Vacuum Cleaner Co. Each share of Williams is exchangeable into one-half share of Eureka, which is listed on the New York Stock Exchange.—V. 161, p. 2491.

Wisconsin Public Service Corp.—Partial Redemption—

The corporation has called for redemption on July 1, 1945, for account of the sinking fund, $250,000 of first mortgage 3½% bonds due 1971, at 105½ and interest. Payments will be made at the First Wisconsin Trust Co., trustee, Milwaukee, Wis., or at The Chase National Bank of the City of New York, 11 Broad Street, New York, N. Y., or at the Harris Trust & Savings Bank, 115 West Monroe Street, Chicago, Ill.

Weekly Output—

Electric output of this corporation for the week ended June 2, 1945, totaled 11,129,000 kwh., as compared with 9,956,000 kwh. for the corresponding week last year, an increase of 11.8%.—V. 161, p. 2491.

WJR, The Goodwill Station — Two-for-One Stock Split-Up Proposed—

The directors of Radio Station WJR, Detroit, are proposing a two-for-one stock split to make possible a wider holding of shares. G. A. Richards, President, announced on June 4.

"If approved by the present stockholders at a special meeting, June 15," Mr. Richards explained, "the plan calls for increasing the outstanding shares from 130,000 to 260,000 with a corresponding reduction in par from $5 to $2.50."

The common stock, only outstanding capital issue of "WJR—the Goodwill Station," is traded in the over-the-counter market and has been selling recently at around $40 per share. First public offering of the stock was made late in 1935 and resulted in a wide distribution.

The directors recently voted the station's 38th quarterly dividend, 50 cents per share, payable June 14 to stockholders of record June 1. —V. 156, p. 1616.

Zenith Radio Corp.—To Expand Export Business—

With the day approaching when production of civilian radios can be resumed, this corporation has completed its plans for a vast post-war expansion of its export business, according to E. E. Loucks, Sales Manager of the company's export division.

Mr. Loucks said that Zenith will be in production on a completely new line of radio receivers for the export trade within a few weeks after the Government permits resumption of civilian manufacture.

Zenith's position in the export field was strengthened substantially, Mr. Loucks stated, by the appointment two years ago of American Steel Export Co., as the company's exclusive export agent. "ASECO has a fine merchandising and service organization with offices at strategic points in all parts of the world, he said, and handles world-wide export operations for a number of leading manufacturers of non-competing products who specialize in their respective fields. This policy, Mr. Loucks pointed out, is tailor-made to fit Zenith's program of specializing in radionics exclusively.—V. 161, p. 1584.

FLORIDA

Florida (State of)

Governor Receives Municipal Utility Tax Bill—Governor Millard Caldwell is said to have received from the Legislature a bill to allow municipalities to levy a 10% utility gross profits tax for their own use. The bill is similar in form to a utility tax proposed by Governor Caldwell except it gives revenue to the cities instead of to the State, as he requested. The tax would not be levied, however, unless residents of the affected area voted for it.

The Governor said the bill, introduced by Representative Richard H. Simpson of Jefferson, was not an administration proposal. He had not at this writing indicated what action he would take on the measure. Senator Harry P. Johnson of Tavares, who steered the bill through the Senate, said municipalities had a greater need for the revenues to be derived from such a tax than did the State. The 10% municipal tax would be in addition to the 1½% tax already levied for State purposes.

Hillsborough County (P. O. Tampa), Fla.

Bond Offering—J. M. Lee, Secretary of the State Board of Administration, has announced that the Board will receive sealed bids at his office in Tallahassee, until 3 P.M. on June 19 for the purchase of $113,000 SBA, series of 1945, coupon refunding bonds. Louisiana (State of)

State and Local Debt Statistics—Ambrose M. Smith, head of A. M. Smith Investment Co., New Orleans, has provided us with a copy of his analysis of the bonded debt of the State of Louisiana, its agencies and subdivisions as of Jan. 1, 1945. According to this source, direct and general obligations of the State were outstanding in the total amount of $146,781,000 on the foregoing date. This figure, Mr. Smith reports, represents a net increase of $7,139,540 over the comparable aggregate on Jan. 1, 1935, of $139,641,460. The compilation shows the amount outstanding and the type of each issue of State bonds and indicates the specific revenues applicable to the redemption of the various loans.

Insofar as local finances are concerned, the compilation shows for each parish in the State the 1940 U. S. Census population, 1944 assessment, total bonded debt (road, school, drainage, etc.,) at Jan. 1, 1945, percent of debt to valuation, average tax rate, percent of gross tax collections in 1943 and per capita debt.

Figures complied by Mr. Smith showing trend of debt of the State and its local political subdivisions in the ten years 1935-1945 indicate a decrease of $10,876,766 for the period, the overall aggregate having declined from $342,728,415 to $331,851,649.

Lake Champlain Bridge Commission (P. O. Crown Point), N. Y.

Bond Offering — Marion L. Thomas, Treasurer of the Commission, has announced that the Commission will receive sealed bids at the Hotel Vermont, Burlington, Vt., until 2 p.m. (EWT) on June 15 for the purchase of New York-Vermont Interstate Bridge Consolidated refunding bonds amounting to $1,208,000, and not exceeding 5% interest. Dated July 1, 1945. Denomination $1,000. Due Jan. 1, 1969. Redeemable on any interest payment date prior to maturity upon payment of the following premiums: 3%, if redeemed to and including July 1, 1950; 2% if redeemed thereafter to and including July 1, 1955; 1%, if redeemed thereafter to and includ-

ing July 1, 1960, and without premium if redeemed thereatfer to maturity, and accrued interest to the date fixed for redemption. Rate of interest to be in multiples of ¼ or 1/10th of 1%, and must be the same for all of the bonds. Principal and interest (J-J) payable at the Guaranty Trust Co., New York. Coupon bonds registerable on books kept by the Treasurer of the Commission as to principal or as to principal and interest, and in the event of registration as to principal and interest, will be reconvertible into coupon form. The bonds are authorized for the purpose of refunding all outstanding bonded indebtedness of the Commission, heretofore incurred in connection with the construction of the toll highway bridges known as the Lake Champlain Bridge between Crown Point, N. Y., and Chimney Point, Vt., and the Rouses Point Bridge between Rouses Point, N. Y., and Alburg, Vt. Said bonds are the general obligatiton of the Lake Champlain Bridge Commission and are secured by the combined revenues and tolls arising out of the use of said bridges remaining after economical and careful administration and after providing for the reasonable and proper expenses of the operation and maintenance thereof, and the resolution authorizing the issuance of said bonds pledges such revenues and tolls. Any rights or claims of the State of New York or the State of Vermont are subordinated to said pledge of said revenues. In addition, the bonds are secured by a mortgage or deed of trust upon the bridge known as the Lake Champlain Bridge between Crown Point, N. Y., and Chimney Point, Vt., by which said bridge and appurtenant properties are conveyed in trust to the Guaranty Trust Co. of New York, as Trustee. By the resolution authorizing the issuance of said bonds, the Commission covenants to operate and maintain the bridges in good condition, to establish and levy such charges and tolls as may be necessary to insure at least sufficient revenues after economical and careful administration to provide for the reasonable and proper expenses of operation and maintenance thereof and to make provision for the payment of the interest on the bonds and the principal thereof at maturity, and further, to make payments into a sinking fund in accordance with the provisions of the resolution. The resolution also covenants with respect to insurance on the properties of the Commission. A copy of the proposed mortgage or deed of trust, including the resolution authorizing the bonds, may be obtained upon application to Messrs. Wood, Hoffman, King & Dawson, of New York, whose approving opinion will be furnished to the successful bidder without charge. In the opinion of bond counsel for the Commission, without the consent of the States of New York and Vermont, the interest on these bonds will be exempt from taxation by the United States under the Constitution of the United States as now in force. The bonds and the interest thereon are exempt from taxation in the State of Vermont. Enclose a certified check for $25,000, payable to the Commission.

Ohio (State of)

High Grade Municipals Advance In Price—J. A. White & Co., Cincinnati, reported under date of June 6 as follows:

Bids are stronger in the Ohio municipal market, particularly for high grade paper. Our index of the yield for 20 Ohio bonds rose slightly during the past week to a yield of 1.21% today, from 1.22% a week ago. The index for 10 high grade bonds rose from a yield of 1.03% a week ago to 1.02% today, while the yield on 10 lower grade bonds is unchanged at 1.40%.

The recent weakness in the market was far more noticeable in the lower grade bonds, with the result that the spread between our indices of yield for 10 high grade Ohios and for 10 lower grade Ohios is now .38%, the widest such spread has been since 1943.

The sale today (June 6) of $350,000 Anderson Township School District, Hamilton County, bonds due 1946-69 at 101.07 for 1¼s, is a further demonstration of the strength of the market for Ohios of high quality.

Municipal Market Report—Bids for high grade Ohio municipalities held about unchanged during the week ended May 31, while bids for lower grades were somewhat lower, it was reported by J. A. White & Co., Cincinnati. The firm's index for 10 high grade Ohios held unchanged at 1.03%, while the index for the lower grades declined to a yield of 1.40%, from 1.39% the previous week. The combined index showed a decrease to a yield of 1.22% from 1.21% in the previous week.

The May 31 sale of $50,000 Zanesville, Ohio bonds, due May 1, 1947-1956, at virtually 101 for 1s would seem to show little or no reduction in bids for high grade Ohios, the firm said.

St. Marys, Ohio

Governor Approves Exemption on Municipal Loans — A bill exempting municipal loans from a four-mill State tax was signed, May 28, by Governor Edward Martin. Philadelphia, which will save $730,000 annually as a result of the bill, has sought enactment of such legislation for many years. The State Budget Office estimated that the new exemption will result in a $3,500,000 loss of revenue to the State in the 1945-47 biennium.

Governor Martin earlier signed a companion measure, exempting the same municipal issues, from any county personal property tax. The $730,000 a year saved by Philadelphia will be available for other purposes. While the city was not obliged to do so, it had always assumed the State tax on its loans to make them more acceptable to bondholders.
